## "Goodnight Corns! We Use 'Gets-It!'"

3 Drops in 2 Seconds. That's All "GETS-IT" Does the Rest. Never Fails.

"Really, I never could see how some few people use the most difficult and painful way they can find to get rid of corns. They'll wrap their toes up with bandages into a package that fills their shoes full of feet and makes corns so painful they've got

to walk sideways and wrinkle up their faces. Or they use knives that cut right into the foot and make it raw and sore, or they'll use plasters that make the corn worse, or pick and gouge at their corns and make them bleed. Funny, isn't it? "GETS-IT" is the simple, modern wonder for corns. Just put 3 drops on, all done instantly. No pain, fuss or trouble. The corn, callus or wart loosens and comes off. Millions use nothing else.

"GETS-IT" is sold and recommended by druggists everywhere. 25c a bottle, or sent on receipt of price, by E. Lawrence & Co., Chicago, Ill.

Sold in Portsmouth and recommended as the world's best Corn Remedy by Columbia Drug Store and J. P. Davis Drug Co.

## FIRST TIMES PUBLISHED ON AUGUST 5TH, 1818

The Times will have an opportunity to celebrate, or observe, the centennial anniversary of the founding of the paper in less than two years from this date.

S. P. Drake's City Directory of Portsmouth, O., published in 1856, in a historical sketch of "Newspapers published in Portsmouth from the earliest period of the last century to 1856," says that "The first paper that was ever issued in Portsmouth, The Portsmouth Times, was issued by Jeremiah Abbot and a Mr. Chaney on Aug. 5, 1818. In the prospectus the editors say that they are friends to Republican institutions and the general government as then administered, and will give their support to the administration (Monroe) so long as it adheres to the policy it now pursues."

But they say, "As there is nothing in the political world to excite much interest, and as Europe reposes in peace, they intend to devote a small part of the paper in publishing accounts of the stupendous efforts now making throughout the Christian world for the diffusion of the scrip-

tures and the spread of the Gospel."

In the paper an advertisement appears of the Ohio hotel kept by Henry Case; new goods by Joseph Waddle; sheriff sales by N. Wheeler. Thos. Waller, president of the Commercial Bank; drugs and medicines by Dr. Giles S. R. Hempstead.

Haverhill was laid out by Asa Boynton Dec. 12, 1818. Mrs. Hannah Johnson advertises her husband as having left her bed and board without any cause whatever, and offers 3 cents with a bundle of straw, but no thanks, to any one who will return him.

The account says further that March 17, 1819, The Times was discontinued for want of patronage, the editors remarking, however, that they did not attribute their failure to a want of liberality on the part of the citizens, but to the "miserable state of our currency, and a lack of sufficient mail routes in the region."

## Select Merchant To Give Practical Talk

Now the famous Garver Brothers' store, Strasburg, O., in a town of one thousand people, can do over a half million dollar business annually will be explained in detail by G. A. Garver, manager of this famous concern, in his address delivered at the annual meeting and banquet of the Business Men's Association, which is to be held at The Club, Fourth street, Thursday evening, November 16.

The address will not be in the nature of a memorized essay or a general explanation of how to

conduct a mercantile business but it will be replete with the actual conditions which the Garver store faced when it started a campaign in a small community to acquire a larger business.

Strasburg, the home of the Garver store, is a small city of 1,000 people, located in the northeastern part of Ohio. The store is located in the only large building there. There are 32,000 square feet of floor space in the structure and the management is planning of adding over 30,000 additional square feet, to accommodate their business growth.

There are three large sales floors and 21 departments. The deliveries are made by eight wagons and two auto trucks.

Deliveries are made in Akron, 45 miles away and in Canton, 18 miles away.

A mailing list of 13,500 customers has been built up by the management and each month a small newspaper, bulleting bargains, is forwarded to each one. The reputation enjoyed by this concern is so well established that orders are received from all sections of the country. The mail business alone amounts to over \$60,000 a year.

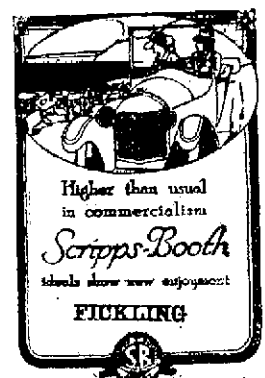

The directors of the Business Men's Association are congratulating themselves over the fact that the services of Mr. Garver has been secured to deliver an address and a record breaking attendance is expected at the annual meeting.

Secretary R. E. Thomas mailed invitations to the members of the association Thursday. Early replies are expected so that arrangements can be made.

The banquet is to be served by the Ladies' Aid Society of the All Saints church.

## May Accept A Plea Of Guilty In Second Degree From Negro

An offer has been made to Prosecuting Attorney Joseph T. Micklethwait, by Judge A. T. Holcomb, counsel for John Henry, alias "Sheet Iron Shorty," charged with the murder of A. Texas, to enter a pleading of guilty for his client to a charge of murder in the second degree, providing the indictment of the first degree murder charge would be nolleed. Prosecuting Attorney Micklethwait said Thursday that he would probably accept the offer as it would save the county several hundred dollars in costs of prosecution and would carry with it a life sentence to the Ohio penitentiary.

A Texas, a negro laborer at the Marshall Construction Company, near Harrisonville, was shot and killed in a shanty at the Hunt-Forbes camp, just south of Harrisonville several weeks ago. The shooting occurred about nine o'clock in the evening. Statements from witnesses indicated that Texas had gone to the Hunt-Forbes camp early on the evening of the fatal shooting in company with a woman known as Martha. Later John Henry came to the camp and inquired about Texas.

When John Henry approached the shanty which Texas was occupying, the woman jumped out of a window and fled. Henry entered and two shots were heard.

The authorities searched the construction camps along the Chesapeake and Ohio Northern railroad for two days before Henry was located. He was arrested and brought to the city where he confessed to the sheriff that he had shot Texas. At the preliminary hearing, he denied all knowledge of the shooting.

## HOLY REDEEMER CHURCH NOTES

The beautiful and impressive religious devotion of the Forty Hours' Adoration will open in Holy Redeemer church on Sunday, November 12, and close on Tuesday, November 14.

The High Mass of Exposition will be celebrated at 7:30 instead of 9:30. Over two hundred school children dressed in white will take part in the solemn procession of the Blessed Sacrament. Rev. Father Bernadine, an eloquent missionary of the Order of the Passionists will preach on Sunday and Monday evenings at seven o'clock. The pastor, Rev. J. E. McGuirk, will be assisted during the exercises by Rev. John Munde of Wellston, Rev. Father Yerville of Minerton and Rev. Thomas Carey of Wheelersburg. The Council of St. Joseph's Order of Foresters will receive Holy Communion Sunday morning at the first Mass. Confessions will be heard on Saturday afternoon and evening.

The pastor, Rev. J. E. McGuirk, Tuesday quietly celebrated his thirty-seventh anniversary of ordination to priesthood. In honor of this happy feast the pastor treated the school children to ice cream. Rev. J. E. McGuirk was ordained priest by Most Rev. Archbishop Purcell, Cincinnati, Ohio, in St. Francis church of the same city November 7, 1879.

Rev. J. E. McGuirk was assigned as assistant pastor of St. Patrick's church, Columbus, Ohio, where he served for over four years. He was promoted to pastorate of St. Paul's church, Athens, Ohio, where he served for over four years. In 1889 he was appointed pastor of Holy Redeemer church. During his twenty-seven years of pastorate the good people of Holy Redeemer have practically purchased and built up a new parish. The present beautiful location together with its stately new church, handsome new school in course of construction, the Sisters' and pastor's new homes, last but not least the beautiful church chimes, will stand forever a beautiful monument to the unflagging zeal, gener-

osity and sacrifices of pastor and parishioners. The parish school, under the progressive educational spirit of the Sisters of St. Francis, stands second to no other parish school in the Diocese. The commercial department, from the very beginning, has been a pronounced success, whose hundreds of graduates hold in the commercial world, honorable and lucrative positions.

The police have received a letter enclosing photographs and Bertillon descriptions of Asa Helton, a former N. & W. terminal employee and a woman giving the name of Ida Helton alias Ada Bryant, who were arrested recently at Indianapolis for shoplifting and inquiring if they are wanted here.

Helton was fined \$15 in the Portsmouth police court May 31, 1915 for fighting with Dan Holbrook and was again fined \$25 in the same court early this summer for assaulting Holbrook. The woman who is with him, according to police, has given the name of Ida Jones. She formerly lived with a sister. ## Woman Is Given Two Whippings; Police News

The fondness which the police say Mary Wright, the white wife of Jim Wright, a negro city employee, displays for the companionship of colored young men, caused her to get two beatings Wednesday night. Mrs. George Smith, colored, found Mary "hanging around" her son, and she proceeded to whip her. Minnie McCann, another colored woman, also assailed Mary a short time later. She and Mrs. Smith were fined \$10 each in public court Thursday, while sentence upon the Wright woman was suspended. Sam Johnson, a negro character, was fined \$5 for vagrancy.

Al "Catsy" Sly made his appearance again for the first time in many months. "Catsy" just got out of a hospital in Cincinnati, having fractured a leg in falling through a trestle at Clare, O., two months ago. He came home to vote and in addition got on a "lonesome." He was given a \$5 suspended fine for drunkenness.

## The New Back-Resting Nemo and Medical Fittings

There often comes to our corset section, women who complain of backaches and tired backs and asking for corsets that will relieve this. Heretofore this has been difficult to remedy with the ordinary constructed corset. The makers of the celebrated Nemo corsets have hearkened to the call of the women and the result is that we have today what they call their "back-resting" corset which is made with a small tape saddle within the corset which rests across the small of the back and has a slightly tighter tension which tends to strengthen the back and relieve the overwork on the back muscles. In other words this extra saddle applies directly to the part of your back that becomes tired and aches and gives ease instead.

These BACK-RESTING CORSETS come for slender and medium figures, the slender models sell for \$3.00 and the medium for \$3.50.

## Medical Fittings

There are too many women in the community who do not know or appreciate the facilities with which we are provided for giving correct fittings. Physicians everywhere endorse highly the medical fittings and our fitting room is equipped with apparatus for this purpose and our corsetiere thoroughly versed in the methods of professional fittings.

We cannot too strongly urge those who are not receiving the best of corset satisfaction, to visit our corset section and let our corsetiere give you a medical fitting of the corset your form demands. It is absolutely unnecessary for any healthy woman to have any discomfort from the wearing of a corset. If you experience discomfort, come to us for a remedy.

## A NEWARK, OHIO DRUGGIST ON NERV-WORTH

Thomas J. Evans Has Sold Thousands of Bottles of This Family Tonic

Having been Nerv-Worth distributor in Newark for over two years, Mr. Evans knows whereof he speaks. Besides he is very particular in making recommendations. As a dealer of confidence and caution, what he says here counts.

"It has been the pleasure of my life to sell Nerv-Worth, because it has helped so many people and made friends of all who have purchased it. I have had several prominent families in Newark that have gotten the best results with this remedy—results that are lasting."

"Another grand thing in favor of Nerv-Worth is that it is not a stimulant. A remedy that contains no harmful drugs and a medicine that you cannot form the drug habit by taking."

"Hearing people tell what it has done for them has convinced me that Nerv-Worth possesses merit and is a medicine that the public should know about. I recommend Nerv-Worth in particular for indigestion, headache, nervousness, sleeplessness, tired feeling and a run-down condition in general."

"IT MAKES WEAK NERVES STRONG!"

**WHEELERSBURG**  
Dr. J. W. Hutchens, of Main street, was appointed surgeon of the C. & O. N. He is also surgeon for the N. & W. and B. & O. Railroads here.

Mrs. T. J. Cunningham, of Long Meadow, delightfully entertained at twelve o'clock dinner Wednesday the following guests: Mrs. Adam Ault, Mrs. Andrew Daum and Mrs. Melvin Moore, all of Main street, Sciotoville. The ladies spent the afternoon in needlework and social chat.

Miss Bess Todd, of Broadway street, was a business visitor to Portsmouth Thursday.

About forty of Mrs. Charles Hill's friends spent a most enjoyable day with her yesterday. They went early with well-filled baskets and at noon a most sumptuous chicken dinner was served. This was in the nature of a farewell to Mrs. Hill, who with her daughter, Margaret, will leave Saturday for Detroit, where Mr. Hill has taken a position. Mrs. Hill's kindly, helpful ways and sweet unselfishness have endeared her to a host of friends. She will be greatly missed, especially in her church.

The day was spent in needlework and pleasant social intercourse. This surprise was planned by the Baptist Ladies' Aid Society of which she is secretary. ## CHILDREN HATE PILLS, CALOMEL AND CASTOR OIL

Gives Fruit Laxative When Croup, Bilious, Feverish or Constipated

"California Syrup of Figs" Can't Harm Tender Stomach, Liver, Bowels

Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs" which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeits sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

## FEAR EXPRESSED FOR AMERICANS

El Paso, Tex., Nov. 9.—As no news has been received here for ten days of the Americans known to be in Parral and Magistral mining districts, fears for their safety have increased.

Ten Americans were known to be in Parral before its reported evacuation by General Herrera. Nothing has been heard of them since October 28. Eight Americans and other foreigners have likewise been cut off from communication with the Magistral mines.

The Alvarado Company is unable to confirm the report that T. G. Hawkins, of the company, has reached Torreón, enroute to Eagle Pass, Texas.

Another report of Mexican origin is that General Herrera has not left Parral as reported, but drove Villa's band to Durango, 95 miles south, where its rout was completed by Carranza forces from Escalon.

## BULLETINS

[BULLETIN]

Albuquerque, N. M., Nov. 9.—Returns from 411 of the 638 precincts in New Mexico give Wilson 22,448; Hughes 22,363.

St. Paul, Minn., Nov. 9.—Fred B. Lynch, Democratic national committeeman from Minnesota, telegraphed President Wilson this afternoon that Minnesota would give him a plurality of 1,000.

New York, Nov. 9.—Chairman McCormick announced at 3:45 p. m. that he had been told over the long distance telephone by State Democratic Chairman Ferrand, of New Hampshire, with all the ballots counted, Wilson had carried that state by 113 votes.

## SOCIALIST PARTY REPORTS GAINS

Chicago, Nov. 9.—Carl D. Thompson, manager of the Socialist party in a statement made today said:

"In 1912 the socialist party polled 900,000 votes. This election the returns show we have polled about 1,200,000. While this gain of the total vote cast by our party is not as great as we had hoped for we are satisfied with the general result.

"We believe we have elected about 35 members of the legislature in 21 states. In Minneapolis we elected our candidate for mayor, Thomas H. Van Lear. In Milwaukee we appear to have elected the district attorney and perhaps the sheriff.

"In California we elected two members of the state legislature. In Wisconsin two Socialist candidates for state senator and five or seven members of the legislature were successful.

"In Vermont we elected one member of the legislature. This is the first time a Socialist has been elected to a state office in the state. We expected to elect seven or eight congressmen, but apparently we have elected none."

## HERRICK'S STATEMENT

Cleveland, O., Nov. 9.—Former Governor Myron T. Herrick today gave out the following statement on the election:

"The turn in the Wilson swing in Ohio came about two weeks ago. Had the people been given two weeks more for examination and reflection there is little doubt that the state would have elected the whole Republican ticket. During my entire campaign I have directed my attention, with all the power I possess, to the election of Governor Hughes, believing that a majority for him in Ohio would mean a majority also for the state ticket; believing also that it was as important that he should be chosen as that Lincoln should have been elected in 1860 or McKinley in 1896. I am still firmly of that belief.

"I deeply appreciate the confidence in me expressed in my nomination by the Republican party and the sincere loyalty of my friends during the campaign. While defeat is not agreeable, its effects on me are momentary and leaves no bitterness on my part. I shall continue to give my loyal service to the party."

## Belgium Protests

Havre, Nov. 9.—The Belgian government has decided to protest to neutral governments against the deportation of Belgians and their alleged employment at forced labor in German factories and in military work at Verdun. The document says the government has positive information that 15,000 Belgian men and a number of French civilians forcibly were taken between October 15 and 24 from various parts of Belgium, the two Flanders and the regions of Tournai and Gens.

### UTAH FOR WILSON

Salt Lake, Nov. 9.—President Wilson, from estimates based on returns reported from 23 of the 28 counties in Utah, has carried the state by a plurality of 22,000. Incomplete returns from the 25 counties give Wilson 63,507; Hughes 41,461; for senator, King (D), 54,609; Sutherland (R), 37,497. For governor, Bamberger (D), 57,493; Morris (R), 43,053.

## WILCOX ISSUES A NOTE OF WARNING; RESENTS INTIMATIONS

New York, Nov. 9.—Chairman Wilcox issued the following statement last night:

"The returns from states in which the vote is close are coming in slowly. The delay appears to be caused by the time required to get in reports from rural communities. The latest returns clearly indicate that Minnesota, North Dakota, New Mexico, Oregon and probably California have gone for Hughes.

"These added to the states already carried give him 280 electoral votes. If all or some electoral votes of California should go to Wilson there are enough to insure the election of Hughes.

"Every precaution must be taken to secure an honest count of the ballots in every close state. Anybody who intimates that Chas. Evans Hughes would permit any man or group of men to attempt to steal the presidency for him is a contemptible scoundrel and knows it.

"I say further, with a full sense of responsibility, to the American people, that any man or group of men who attempt to steal the presidency from Mr. Hughes will do so at their peril."

## JAPAN ACCEDES TO JOINT REQUEST NOT TO HOLD ISLANDS

Tokio, Nov. 9.—The Associated Press learns that Japan has agreed not to make as a part of her peace conference demands the right to hold permanently the South Sea Islands, which were wrested from Germany at the outbreak of the war. Several of these islands which belong to the Caroline and Marianna groups, lie not far from the American island of Guam, the American terminus of the Pacific cable. It is understood the United States has informally expressed a desire that these islands should not become the permanent property of the Japanese Empire.

Inasmuch as they were captured to assist joint operations of the British and Japanese fleets it is understood the United States first took up the question with Great Britain and that a joint suggestion was made by Great Britain and the United States that Japan should not insist upon the permanent maintenance of the islands.

In view of Japan's promise to accede to the joint request it is believed likely that Japan at the peace conference will seek compensation in some other direction, perhaps in the affirmation of her rights in the Chinese Peninsula of Chantung of which Kian Chan is the great naval base.

The islands in question are now administered by the Japanese government.

## French Are Interested In The U. S. Election

Paris, Nov. 9.—The American election is being followed with the deepest interest, the news having the place of honor in most morning papers. The commentators, mindful of the dramatic surprises of yesterday when the supposedly certain Hughes victory was turned into a possible defeat, are reluctant to commit themselves. The majority of the comment is similar to that of Stephen Pichon in the Petit Journal who expresses the belief that the victory of either candidate will have little effect on American policy as far as the big questions interesting France are concerned. It is also pointed out that the present administration will remain in power in any event until March 4 and that many things may happen between now and then.

The Matin remarks that while a victory for Mr. Hughes might mean a more vigorous international policy, it would also mean a protectionist regime. The Matin comments that this change, while unimportant in time of war, might be awkward for French business interests on the return of peace.

## A Kidney Medicine That Heals and Strengthens

Several years ago I had charge of a plantation in the canebrake swamps on the lower Mississippi River. While there I contracted a severe case of Swamp Fever, getting so bad that I had hemorrhages of the bladder. I was under a doctor's care for about sixty days with very little hope of my recovery. I did not find relief from the doctor's medicine and Dr. Kilmer's Swamp-Root being recommended to me, I tried some and got almost immediate relief. After taking seven fifty-cent bottles, I was able to resume my duties. Have not been obliged to take any medicine since that time.

Yours very truly,  
A. J. TRACEY,  
Mobile, Ala.

Personally appeared before me, this 7th day of January, 1915, A. J. Tracey, who subscribed the above statement and made oath that the same is true in substance and in fact.

## Grape-Nuts Flavor

Grape-Nuts food is probably the most appetizing form in which honest whole wheat is utilized as food.

But to whole wheat is added malted barley in making Grape-Nuts, and the sense of taste quickens at once when a spoonful of the food is eaten with cream. For the barley has a rich, individual taste which, blended with the sweetness of wheat, creates a rare flavor recognized by the palate as unusually new and delicious.

Aside from its wonderfully vitalizing value as a food, Grape-Nuts has a flavor that has made it a favorite everywhere.

The Springfield (Mass.) Daily Republican of Friday, Nov. 3, had the following of local interest, relative to the marriage of Mr. John D. Kaps, a former Portsmouth boy, a son of Mrs. John Kaps, of Eighth and Washington streets, and a cousin of Mayor H. H. Kaps, of this city:

"The weather was delightful for the pretty fall wedding which took place last evening, when Miss Elizabeth Sherman, daughter of Mr. and Mrs. Walter Percival Sherman, became the bride of John D. Kaps. The marriage took place at the bride's home, 21 Hopkins Place, Longmeadow. It was a quiet home wedding, with only relatives and a few intimate friends present. Rev. Henry Lincoln Bailey officiated, making use of the full Episcopal service, the ceremony being at 8:30. The bride made a lovely picture in a gown of white charmeuse and flowing veil of white tulle. She carried a colonial bouquet of bride roses, lilies of the valley and maiden-hair fern. The bride's maid of honor was her sister, Miss Mildred Percival Sherman, who was attractively gowned in yellow. The groom was attended by Richard R. Costello, of New York City. The bridal party entered the living room to the music of the "Bridal Chorus" from Lohengrin, played by Miss Katherine Reid, and took their places before a bank of tall palms, filled in with yellow chrysanthemums. The wedding march of Mendelssohn was given for the recessional.

"After the ceremony and an informal reception, the party adjourned to the dining-room, where refreshments were served, the table and mantel being made attractive with pink Killarney roses. Mr. and Mrs. Kaps left soon after for an extended Southern trip. Mrs. Kaps wearing a traveling suit of dark blue and hat to harmonize. They will be at home to their friends after January 1, at 1423 Longmeadow street. The bride is a graduate of the Central High School and has taken a course of training at the city library. Mr. Kaps graduated from the Columbia law school and afterward practiced in New York City, but for the past few years has had an office in this city. The decorations were by Osterman. Among the few guests were Mrs. John Kaps, of Portsmouth, O., mother of the groom, Mr. Costello, of New York, and Miss Ruth Berke, of Boston. A large number of beautiful gifts of silver, china and linen were received."

Mr. and Mrs. W. W. Donaldson have as guests Mr. and Mrs. W. E. Kenyon, of Sandy Springs, and Mrs. Lenna Sample, of Honolulu, Va.

**Dandruff Soon Ruins The Hair**

Girls—if you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single grain and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.

Dear Miss Wise—I have come to you for advice. I am a young girl about 18 years old and engaged to a nice young boy, but I don't like him like I did when I first saw him. I met one of his friends I like better. Now, Dolly, please tell me what to do.

The Wise family were seated at  
the breakfast table. "Helen,"  
said Mr. Wise, addressing his wife  
"this is very good bread." "Yes,"  
said Mrs. Wise, "I made this from Magnolia flour,  
manufactured by P. H. Harsha, at  
2007-2009 Eighth street."

Having poured coffee from a  
Diamond percolator, purchased  
at the Central Hardware Co., 543-  
545 Second street, Mrs. Wise said  
"all the cream and milk we use  
now I get from the Pure Milk

as it is guaranteed to be pure."

Having finished breakfast Mr.  
Wise arose to go to his office.

NORWAY REPLIES TO THE GERMAN PROTEST ON SUB ORDINANCE

Christiana, via London Nov. 9.—The Norwegian note replying to the German protest against the U-boat ordinance of October 13 was today delivered to the German ambassador here.

The controversy between Norway and Germany over the submarine question reached an acute stage with the passage of the ordinance of October 13, by King Haakon's government. By this ordinance submarines of belligerent powers were forbidden to traverse Norwegian waters, except in cases of emergency.

In the latter they were directed to remain upon the surface and fly their national flag. Mercantile submarines were also ordered to remain on the surface and display their country's colors. This ordinance provoked strong feeling in Germany and Dr. Alfred Zimmermann, the German under-secretary for foreign affairs, was quoted in a Copenhagen paper as saying that the German note of protest would be a serious one and that Germany would not calmly submit to the action of the Norwegian government.

Putting Up Bridge Lights

Work was started by the General Service Co., Thursday, installing new electric lights on the new county bridge across the Scioto river. The lights have been authorized by the county commissioners and it's now "good-bye spooners" on that structure.

Willis A. Ward continues in a very serious condition at his home 421 Second street, according to word from his bedside Thursday.

PRESIDENTIAL

(Continued From Page One)

Republican Chairman Willcox said he stood by his statement of last night that Hughes would get at least 280 electoral votes.

Charles B. Warren, Republican national committeeman from Michigan, after a conference with other Republican leaders at headquarters, declared that Oregon and West Virginia were safely for Hughes and the outcome depended on Minnesota, California, North Dakota, New Mexico and New Hampshire. Minnesota would probably go for Hughes, he said, but in the last four of these states the official count would be necessary to determine the result.

unofficial returns, follows:  
Wilson, 22,525; Hughes, 23,633; Hughes' majority, 1,108.

Par U. S. senator, Josiah O. Wolcott, Democrat, 21,979; IL A. Dupont, Republican, 20,110. Wolcott's majority, 1,869.

**WASHINGTON FOR WILSON**  
Seattle, Nov. 9.—Revised returns from 1880 precincts of 3385 in Washington early today gave Hughes 139,225; Wilson 148,406.

The reduction in the President's vote as compared with reports two hours earlier was caused by the correction of an error in the previous tabulation. The President still has a lead of more than 9,000 over Mr. Hughes.

**CARRIES WILSON'S STATE**  
Trenton, N. J., Nov. 9.—With twelve counties incomplete and 25 small districts missing in the eight remaining counties, Charles E. Hughes' presidential plurality today was 54,774 over President Wilson in the latter's own state. The vote for Hughes was 262,386 and for Wilson 207,612.

Merced county complete where the president voted, gave Hughes a plurality of 3,639, out of 15,001 votes cast.

**HUGHES' MARGIN SWELLS**  
Chicago, Nov. 9.—Republican pluralities in Illinois kept growing today as late returns came in. Hughes' margin over Wilson had climbed past the 150,000 mark and seemed destined to go close to 200,000. The plurality of Frank O. Lowden, Republican nominee for governor, over Governor Deneen, appeared to be ranging around the 150,000 point. The Republican victory in Cook county Tuesday took from Democratic control 1058 regular monthly positions at an annual payroll of \$1,522,720.

CLAIMING CHAMPIONSHIP

Now comes Gallipolis high school with a claim on the Ohio high school football championship and, in the Gallipolis Tribune it states that Portsmouth high defeated Ironton high, but that is a lie, as Ironton defeated Portsmouth by the score of 29 to 0. Gallipolis on last Saturday defeated Portsmouth by a score of 3 to 0, and thereby lays claim to the high school championship title of the state, says the Ironton Irontonian. However, they have about as much chance to claim the title as has North Kenova, or the poor old, much-defeated Portsmouth team. Ironton has a legitimate claim on the high school title, and until defeated by an Ohio team, will be considered as the best in the state.

Gallipolis high has steadfastly refused to play Ironton, so it seems that about the only way to determine this little fuss is for the teams to meet on the gridiron before the present season closed, but the dope shows that Ironton far outclasses their Gallipolis rivals.

Ironton high school authorities stated last night that they were willing to meet the Gallipolis team at any time suitable to both and the negotiations would be opened at once to that end.

**Made Fine Showing**  
Anderson Henderson is proudly boasting of the showing he made as the Democratic committeeman in Precinct II of the Fourth ward. He believes a personal canvass he himself made was largely responsible for the excellent showing President Wilson made. The President received 118 votes against 173 for Hughes, but four years ago Wilson received but 22 votes in the Hill-top precinct, which is perhaps the largest in the city.

"I guarantee my ointment," says Peterson, "to cure eczema; to stop the itching at once and any reliable druggist will cheerfully refund your money if PETERSON'S OINTMENT doesn't do everything I say it will do."

William A. Carley of Franklin, N. Y., is surely a wise man. He writes: "I used PETERSON'S OINTMENT on a little boy suffering terribly with eczema. It did the work."

Then there is Alex. Louder, a brave fireman of Buffalo, who is glad to write as follows: "I had an old sore on my leg for many years. The best doctors entirely healed the sore quickly." And from over in Canada comes a letter from A. Hockley, stating: "The best thing I ever hit for itching piles is PETERSON'S OINTMENT." A big box for 25 cents.

River Ruifled By High Wind

Thursday noon found the Ohio river on a veritable rampage, the worst wind in months raging in the local harbor.

The ferry Relief which had tied up at Capehart's landing was torn loose from its moorings, breaking a spar of the Capehart float and her stern line. She was carried up against the newly repaired C. & O. ferryboat Chesapeake, breaking several buckets of that boat's wheel. She was then swept up against the packet Mildred Runyon, turning her clear around heading up-stream and against the wharfbank.

The Chesapeake, which for the past week, had been undergoing repairs at Russell, Ky., was ground all night on Bonanza Bar.

# ENJOY REAL FEAST

An exchange of pleasantries between six Republicans and as many Democrats at the Elks Club on the eve of the election, brought about a sumptuous feast and most delightful social session for an even dozen young men of the city at the Turner Hotel Wednesday at high noon.

It was in discussing the outcome of the presidential election that some one suggested a turkey dinner, the Republicans to defray the expense if Wilson was elected and the Democrats to foot the bill if Hughes carried the day.

Without giving any further thought to the financial end of it, Landlord A.S. Turner at once tossed himself with the preparations for the good things to come. And some "feed" it surely was judging from the way the guests stripped the festive board. Following was the menu:

Home-made Grape Wine  
Oyster Cocktail  
Celery  
Chicken Soup  
Picked Beets  
Roast Young Turkey with Oyster Dressing  
Fried Spring Chicken  
Sweet Potatoes  
Spaghetti  
French Peas  
Mashed Potatoes  
Mince and Pumpkin Pies

Cheers  
The favors were white carnations. The dinner was splendidly served and the diners were outspoken in congratulating Mr. Turner, his good wife and able assistants. Discussions throughout the dinner were restricted to the present election and politics in general and a jolly good time was had by all present. They were: Messrs. George E. Krieger, A. S. Turner, John G. Reilly, George Bloodgood, Aronholt Schapiro, Frank Stanton, S. Straus, Will Gableman, Irvin H. Stewart, Robert Lewis. Invited guests were: Mayor H. H. Kaps and Frank Switalski, Jr., of The Times.

"Store News" Issued  
The Marting Brothers company issued their November issue of Store News, their monthly paper, Tuesday morning. This paper is devoted exclusively to news of interest to their customers and contains bulletins on market conditions.

Window Broken  
A gust of wind Thursday morning sent an arm of an awning in front of W. A. Pepper's store at 317 Chillicothe street crashing against one of the big front windows, breaking it.

Going Back to "School"  
Sergeant John Smith expects to take Hobson Parker to the Lancaster Reform school Friday. The youth escaped from that institution ten days ago. He was recently sentenced to the school for run-ning grips and snail cases in the back room of the Washington hotel.

School In Fine Shape  
County Superintendent E. O. McGovern received instructions from the state department of public instruction to inspect the first grade elementary schools of the county.

He met with the Haverhill board of education last night with all members present. Their school is in good condition. Chas. Brush is the teacher. The board members decided to put in a new heating and ventilating system. This will make the Haverhill elementary school the best equipped of any one-room elementary school in the county. A very progressive spirit is shown by the board of education. The board members are: E. V. Seelye, president; J. W. Crieckenberger, clerk; Smith Graft, Carl Davidson and James Hughes.

Had Big Majority  
George Schott, sheriff of Hamilton county was re-elected over his opponent Bray, Tuesday, by the handsome majority of 22,000. Schott is a Republican and is a cousin of Messrs. John, W. A. and George Wurster of this city.

# The Old Reliable Salvage is 14 Years Old!

## THE GREAT 14TH BIRTHDAY Celebration Sale

Begins Friday, November 10th, at 7:30 Sharp!

Come and help us celebrate the opening of Portsmouth's only bargain house. In November 14 years ago, this great Workingman's Store opened under great difficulties. Do you know that at the request of the high priced clothing combination we could not purchase an inch of news-paper space. Do you know on their account our insurance was cancelled and for six months we conducted this business without a dollar insurance. Do you know they tried by every foul means to close up this store. (The safety valve between the workingman and the high prices) in order to prevent competition and enable them to sell the people at prices not consistent with the quality of the merchandise but according to their own grafting methods of charging the workingman all they could. Do you know that they hurried to then Mayor Miltstead and attempted to force him to exact a license from us and that we signed a statement stating we would remain in Portsmouth, the Great Peerless City, six months or longer.

**14 Years Have Passed Since That Day!**

## WELL, THIS IS SOME RECORD, FRANK

Frank Baker, the Sleepless Shoeman, has never laid any claim to being a champion tomato raiser, but he certainly is justified in feeling that he is in a class by himself when it comes to producing late tomatoes. From the vines in the yard of his home opposite York Place, he got a peck of fine ripe tomatoes Wednesday. He is covering the vines and fully expects to eat some of his own tomatoes with his turkey dinner on Thanksgiving day, and another or two with his dinner on Christmas Day.

## Gave Fine Entertainment

Miss Goodrich's acting of the burdensome step-daughter of the mercenary and scheming society woman is impressive in its quiet strength. The atmosphere of this society drama is on a scale of elegance never surpassed in Morosco-Paramount photo-plays.

FRANK KEENAN IN THE LATEST TRIANGLE PLAY, "THE THOROUGH-BRED."

Frank Keenan in "The Thoroughbred"—Columbia Tonight

The sport of kings, with all its attendant excitement, is said to be thrillingly portrayed in a number of scenes in "The Thoroughbred," the Triangle play by C. Gardner Sullivan, in which Thomas H. Ince presents Frank Keenan as star. The story concerns the efforts of a Puritanic young minister to effect the abolition of horse-racing in one of the southern states, his success and his ultimate contribution, inspired by a realization of the fact that his activities have caused poverty in the home of Major Anster, whose daughter he loves. Many of the scenes, therefore, are those of the race track.

To film this portion of the subject Reginald Barker, who directed it, took his entire company to Tia Juana, Mexico, where horse-racing at the time was enjoying a tremendous popularity. Through the influence of friends, in control of the track, he was given permission to use all parts of the track, paddocks, stables and grandstands for his purpose. Three full days were spent at the track, and Barker returned with several thousand feet of exposed film, depicting horse-racing at the height of its vogue.

overcoat.

When Mr. Wise returned home he found Mable playing the piano which Mrs. Wise bought from Hutchison-Wanser Co., at 1003 Gallia street.

Just then George, the youngest child, came crying into the room. "He has the toothache," said Mrs. Wise. "I will take him to H. E. Hawk, corner Third and Chillicothe streets, to have his tooth filled. I wonder," she said, "if my headache is from eyestrain. I will go to Luck & English, 511 Chillicothe street, to have my eyes examined and fitted with glasses."

"In the meantime Jack," said Mrs. Wise, "I wish you would go to the Corner Book Store, corner Second and Chillicothe and get that magazine I wanted." While Jack was down street he stopped at the Play House, Sixth and Chillicothe, and spent an hour playing pool. Noticing the worn condition of his suit he went to the Three Little Tailors, 820 Gallia street, and ordered an up to date suit.

Meeting a friend who wanted some circulars, printed Jack directed him to the Keystone Press Co., 808-810 Fourth street.

While going home Jack had the misfortune of breaking his bicycle which he bought from Emil Arthurs at 421 Gay street.

On the morning of Mable's birthday she was surprised to find by her place a gold watch from Roy Wendelken, 905 Gallia street, a present from her father.

There was also a kodak from Wurster Bros., the Rexall Store 419 Chillicothe street, a gift from Jack. Her mother gave her \$10 which she decided to deposit with the Royal Savings and Loan Co., 819 Gallia street.

Quite a number of friends came to spend the afternoon at Mable's house. They brought a lovely writing desk which they got from D. A. Alsbaugh, 530-532 Second street. Among the refreshments served were dainty sandwiches made of Milk Maid baked by Adam Pina in his Model Bakery, at 1011 Eleventh street, and a large birthday cake made from Creme De La Creme flour, manufactured by the Grimes-Streitmatter Grain Co., Elk building.

While playing tennis Jack said, "This racket is from Henry Roth's 420 Chillicothe street, the best place to buy sport goods."

Mable's friends, wishing to have a photograph of their group taken went to King's Art Gallery, 211 Chillicothe.

Jack then purchased some candy from Malavazos Co., Fifth and Chillicothe, for the group to eat while in the Lyric theatre.

Concluding to buy his Timothy hay in larger quantities which he always bought of J. F. Newman & Son, 907 Gallia street, Mr. Wise called on the Wanless Planing Mill 1137 Twelfth street and ordered a supply of wood for the building of an addition to his stable.

### THEATRICAL

**At the Sun**  
A great play is in store for those who like to laugh and for the ladies who admire a pretty love story. It is the much heralded "Man of Mystery," which is to hold the boards at the Sun theatre for three days beginning tonight. This play is based on hypnotism and has a terrific punch. Jack Morgan will be seen as Ned Keene a detective, while Miss May will no doubt play Kate Burk, a woman with a past. The name part will be in the hands of Howard Fitz. This will be the first star part for Mr. Fitz during the present engagement. However, judging from past performances, we have no doubt as to the outcome. He will play it as it should be played. Another factor of the success of the production is the fact that our old favorite Frank Morris is cast for a great black-face comedy character, that of Noah the house servant.

Remember, coupons are given out at all performances for the big country store which takes place on Friday night. You have the manager's word that this store will excel anything of its kind ever attempted here. Matinee tomorrow and Saturday.

## Thin Folks Who Would Be Fat

Increase in Weight Ten Pounds or More  
"I'd certainly give most anything to be able to eat up a few pounds and stay that way," declares every excessively thin man or woman. Such a result is not impossible, despite past failures. Most thin people are victims of mal-nutrition, a condition which prevents the fatty elements of food from being taken up by the blood as they are, when the powers of nutrition are normal. Instead of getting into the blood, much of the fat and flesh producing elements stay in the intestines until they pass from the body as waste.

To correct this condition and to produce a healthy, normal amount of fat, the nutritive processes must be artificially supplied with the power which nature has denied them. This can probably best be accomplished by eating a Sargol tablet with every meal. Sargol is a careful combination of six splendid assimilative agents. Taken with meals they mix with the food to turn the fattening strength-giving material of what you have eaten into rich, ripe nourishment for the tissues and blood and its rapid effect has been in many cases reported remarkable. Reported gains of from ten to twenty-five pounds in a single month are by no means infrequent. Yet its action is perfectly natural and absolutely harmless. Sargol is sold by Fisher & Streich Pharmacy and other druggists everywhere and every package contains a guarantee of weight increase or money back.

### Is After Violators

Rumors that hunters are killing skunks took Judge Harry Ball, local game warden out into the country Thursday to investigate. In speaking of the rumors Thursday morning, Judge Ball stated that the season for hunting skunks did not open until November 15. All persons found violating the laws are to be vigorously prosecuted.

### DON'T BE BALD

Here's a Good Way to Stop Loss of Hair and Start New Hair Growth

If your hair is falling or thinning out, don't wait another day but to the Fisher and Streich Pharmacy and get a bottle of Parisian Sage, the truly efficient hair grower.

Don't say, "It's the same old story, I've heard it before," but try a bottle at your risk. They guarantee Parisian Sage to grow hair, to stop falling hair, to cure dandruff and stop scalp itch, or money back.

## MEALS WILL FIT! NO INDIGESTION, GAS OR ACIDITY

Eat without fear of sourness, heartburn, belching or dyspepsia

The moment "Pape's Diapiesin" reaches the stomach all distress goes.

If your meals don't fit comfortably, or you feel bloated after eating and you believe it is the food which fills you; if what little you eat stays like a lump of lead on your stomach; if there is difficulty in breathing after eating eruptions of sour, undigested food and acid, heartburn, brash or a belching of gas, you can make up your mind that you need something to stop food fermentation and cure indigestion.

To make every bite of food you eat aid in the nourishment and strength of your body, you must rid your stomach of poisons, excessive acid and stomach gas which sours your entire meal—interferes with digestion and causes so many sufferers of dyspepsia, sick headache, biliousness, constipation, griping, etc. Your case is no different—you are a stomach sufferer, though you may call it by some other name; your real and only trouble is that which you eat does not digest but quickly ferments and sours, producing almost any unhealthy condition.

A case of Pape's Diapiesin will cost fifty cents at any pharmacy here, and will convince any stomach sufferer five minutes after taking a single dose that fermentation and sour stomach is causing the misery of indigestion.

No matter if you call your trouble catarrh of the stomach, nervousness or gastritis, or by any other name—always remember that instant relief is waiting at any drug store the moment you decide to begin its use.

Pape's Diapiesin will regulate any out of order stomach within five minutes, and digest promptly, without any fuss or discomfort at any kind of food you eat.

## Mundy Injured

C. D. Mundy, a member of the firm of Winston & Co., railroad contractors, of near Harrisonville, was cut about the left eye, had his right knee gashed and right ankle sprained in running a Ford touring car against an N. & W. freight train at Seventeenth and Chillicothe streets Wednesday night about 8 o'clock.

Mr. Mundy was thrown from the car and so badly dazed that he has but little recollection of the actual details of the accident. Some young man, whom he had picked up as a chance acquaintance, was also thrown out of the car, but escaped injury. The whole front end of the machine was demolished.

Mr. Mundy later boarded a street car and went to the Washington Hotel. He returned to Harrisonville Thursday morning. He said he had been driving about the North End rounding up colored men to work for his firm. He had some assembled, but went away after some others, and it was while trying to locate them that the accident happened. The only way he could account for the collision was that in descending the Seventeenth street hill the brakes of the car failed.

preciate the high honor which has been conferred upon me.

## IRON IS GREATEST OF ALL STRENGTH BUILDERS, SAYS DOCTOR

A Secret of the Great Endurance and Power of Athletes

Ordinary Nuxated Iron Will Make Difference, Nervous, Run-down People 250 Per Cent. Stronger in Two Weeks' Time in Many Cases.

NEW YORK, N. Y.—Most people foolishly seem to think they are going to get renewed health and strength from some advertised medicine, secret formula or narcotic drug, said Dr. Sauer, a well known physician who has studied widely both in this country and Europe, when, as a matter of fact, real and true strength can only come from the food they eat. The people often fail to get the strength out of their food because they haven't enough iron in the blood to enable it to change food into living matter. From their weakened, nervous condition they know something is wrong, but they can't tell what, so they generally commence doctoring for stomach, liver or kidney trouble or symptoms of other ailments caused by the lack of iron in the blood. This thing may go on for years, until the patient suffers, tired, nervous, and unable to do any work. If you are not strong or well, you own it to yourself to make the following tests. See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary nuxated iron three times per day after meals for two weeks. Then test your strength again and see for yourself how much you have gained. I have seen dozens of nervous, run-down people who were ailing all the time, double their strength and endurance and entirely get rid of all symptoms of indigestion, liver and other troubles in from ten to fourteen days. It is simply by taking iron in the proper form.

And this after they had in some cases been doctoring for months without obtaining any benefit. But don't take the old forms of reduced iron, iron acetate or tincture of iron simply to save a few cents. You must take iron in a form that can be easily absorbed and assimilated like nuxated iron if you want it to do you any good, otherwise it may prove worse than useless. Many an athlete or prize-fighter has won the day simply because he knew the secret of great strength and endurance and filled his blood with iron before he went into the arena; while many another has come down to inglorious defeat simply for the lack of iron.

NOTE—Nuxated Iron recommended above by Dr. Sauer is not a patent medicine nor secret remedy but one which is well known to druggists and whose ingredients are widely prescribed by eminent physicians everywhere. Unlike the other "ironic" iron products, it is easily assimilated, does not injure the teeth, make them black, nor upset the stomach. On the contrary, it is a most potent remedy, in nearly all forms of indigestion, as well as for nervous, run-down conditions. The manufacturer has such great confidence in Nuxated Iron that they offer to refund \$100.00 to any charitable institution if they cannot take any man or woman under 60 who takes iron and increases their strength in 200 per cent or over in four weeks' time provided they have no serious organic trouble. They also offer to refund your money if it does not at least double your strength and endurance in ten days' time. It is dispersed in this city by Fisher and Streich's Pharmacy and all other druggists.

## DODGE BROTHERS MOTOR CAR

Its merits are now so universally admitted that they are rarely a subject of discussion.

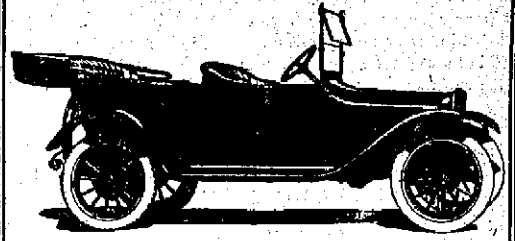

That the car is all it is represented to be is taken for granted. That it is good value is conceded. Sales are very quickly consummated.

The gasoline consumption is unusually low. The tire mileage is unusually high.

The price of the Touring Car or Roadster complete is \$785 (f. o. b. Detroit).

It's almost magical, but the joy is, that the misery doesn't come back. No! The nerves are soothed and congestion is relieved and your neuralgia is overcome.

Stop suffering! It's needless—neuralgia and pain of all kinds, either in the face, head, limbs or any part of the body, is instantly banished. "St. Jacobs Oil" is perfectly harmless and doesn't burn or discolor the skin. In use for half a century.

Ironton, Nov. 9.—Returns from various counties in this judicial district indicate that Judge Middleton has won over Judge Merri-man. Middleton's plurality will be a handsome one.

### SOME QUESTION ABOUT IT

The weakness of every economic reform is the general indifference of the public displays towards it. When the nomination of judges of courts by ballot and trade and the order of bosses and rings became so common as to be scandalous, producing a condition that marred both the reputation and integrity of courts, it was proposed that election of these officials be made through a non-partisan ballot, that is a common ticket upon which the names of all candidates appeared without designation as to their political affiliations. After the usual amount of agitation and the usual copiousness of the wondrous reform would bring about it was converted into a statute.

The result does not altogether justify expectations, whether it has produced substantial results is even subject to question by many. It is said no safe can be either so securely or ingeniously constructed that a burglar can not find an equally improved method of opening. The politicians are of equal skill with them, when it comes to devise schemes to circumvent the laws against the exercise of partisanship. They nominate judiciary candidates, put them on the non-partisan ballot and then proceed by means of advertisements in the paper, and cards to make a voter more familiar with the name of a party's candidate for judge than he is with that of any other nominee. Yes, they even go farther than that and furnish the voter with marked ballots to show how he can "still vote for the party's choice." That is evil enough, but the worst is the voters are to a large degree irresponsible to what sort of judge they elect, or whether they elect any or not.

As an instance of the display of this disregard of the vital interest to every citizen involved in the election of the judiciary, we will choose Cincinnati as a case in point, not because it is more flagrant than may be found elsewhere, nor because from Cincinnati came the influences that sunk Ohio's highest court to small repute, but because the gross figures make the illustration more striking. We find that in the first 400 precincts reported from that city there was a total of 84,000 votes for president, the highest total vote for judges of the supreme court was 65,000, that is nearly one voter out of every four neglected to vote a judicial ticket.

But if we look at the reform from what has been accomplished by it and what may be reasonable reliance on the outcome for the future, rather than measuring it by what too enthusiastic proponents claimed for it, we can hold it as of sound merit. Measurably it has already raised repute of courts and strengthened public confidence in them, while we may believe that so long as politicians and machines can not give their favorites for judges all that prestige and strength that goes to the candidate under the party emblem, they will have somewhat of a wholesome regard for the good character of the men they name, not often will they dare to offer those notoriously unfit. In a practical sense there has been improvement, undoubtedly; perfection is not to be attained here more than anywhere else until the majority of mankind becomes moved by perfect motives.

You just can't tell anything about it and that is all there is about it.

Let's forget all about it and proceed to build that new court house.

At least both sides had occasion to feel good for awhile anyway.

It was a caution how The Times extras burnt up good white paper, but the people want their news served hot and have got a way of looking to The Times to so serve it and not disappoint them.

Can't depend a thing upon what everybody said. Modestly they placed Cousin Myron's majority over Allee Pomerene at 88,000 at the very lowest, while it lacks a 100,000 and more of being anything. Which just reminds us that the Democrats are going to come to Ohio for their next presidential nominee.

Huntington thought right before the election she stood a better chance than any other city to secure the government armor plate factory. May be she has reason to think a trifle different today.

The emphatic way in which New Boston rejected our entirely cordial invitation to come in and just make herself at home, leaves no ground to question that she does not like to be any closer to us than she is.

And the worst of it, as some see it, is that it did not effectually kill the straw ballot, the dismal prospect being that it will rage again at the next election.

A headline in a newspaper proclaims: "Pennsylvania swings back." The question is whenever did Pennsylvania swing forward?

Some of the managers are acting like they are sorry they didn't claim more.

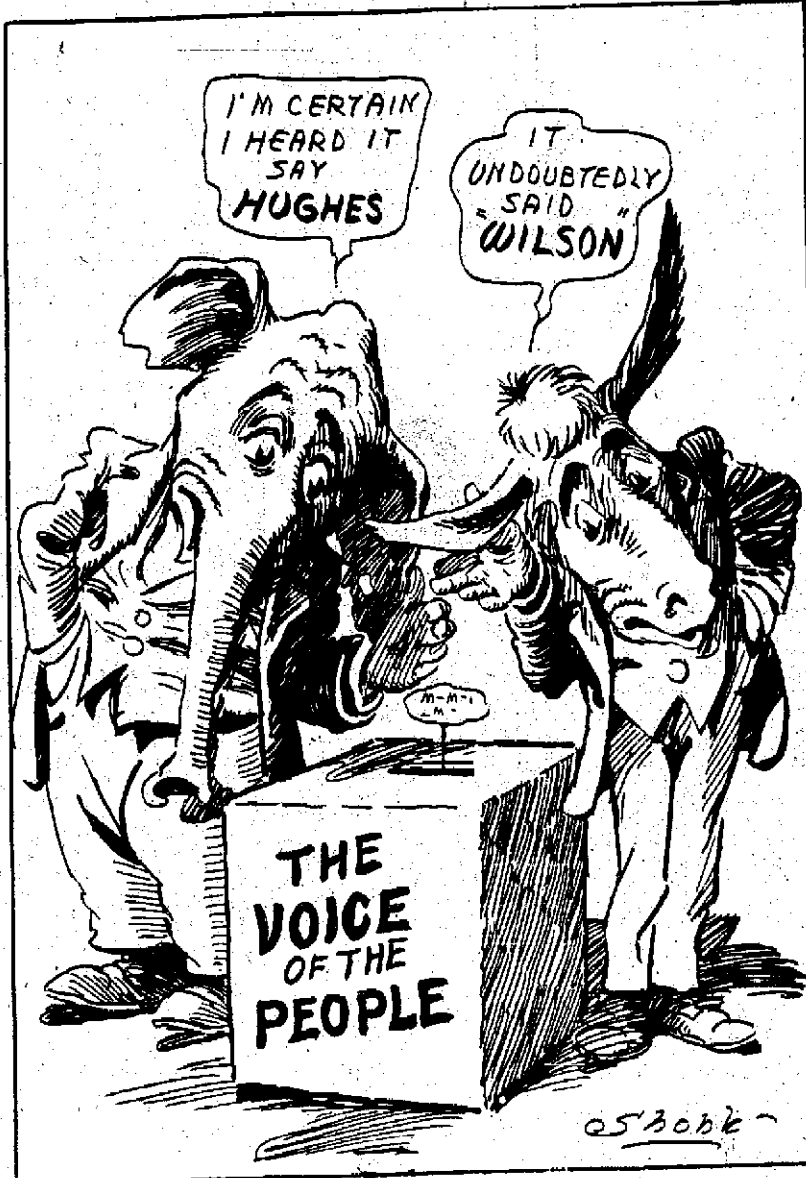

Viewing the field over our unanimous verdict is that Colonel Bill Finley is the only campaign manager of them all that had the nerve to keep on claiming against the odds until he emerged a full blown prophet.

Will someone point out to us where the women—still God bless 'em—voted differently from mere man, their man, let us say?

### POLLY AND HER PALS

### A LITTLE INDISTINCT

### THE NEXT THANKSGIVING

The next universal holiday will be Thanksgiving, an occasion when we devote little time to recognizing blessings vouchsafed and a good deal to getting the most enjoyment out of them for the time being, that circumstances will permit.

Seriously it was proposed to change the ancient custom of having the feast come on the last Thursday and move it up a week earlier. As one thing breeds another heeling on this came another that the year be divided into thirteen months and every holiday besides the Sunday be set for Monday. Scant progress was made by either in obtaining favor. With most people what has been and hasn't done any harm, or official inconvenience is good enough to continue to be. That is the way we feel about it ourselves. We like variety, even with our holidays. Keeps us, after a manner, thinking more of them, if not of them and lends something of spice and variety. Directing attention solely to Thanksgiving, it will mark a conspicuous era in American history. Never was prosperity so great and general, feasting will be had in many a household where it was never known to come before, and all are possessed of one blessing, the supremacy of which is impressed by the sorrows and sufferings of our neighbors across the ocean, peace. For that, if for nothing else let us devoutly and gratefully give thanks of lip and heart.

After all it furnished a good illustration of the folly of counting your chickens before the eggs are hatched.

Can't tell what is going to happen about an election. At the very time when "everything was going for Hughes," a certain prominent Democrat got riled at the jibes of his Republican friends and shouted hotly: "Well, I'll bet fifty to twenty-five Ohio is for Wilson." They took him up before he could open his mouth again and now he is hailed as the most knowing of 'em all.

Candidate Hughes voted number 13, lucky or unlucky, as you happen to have voted yourself.

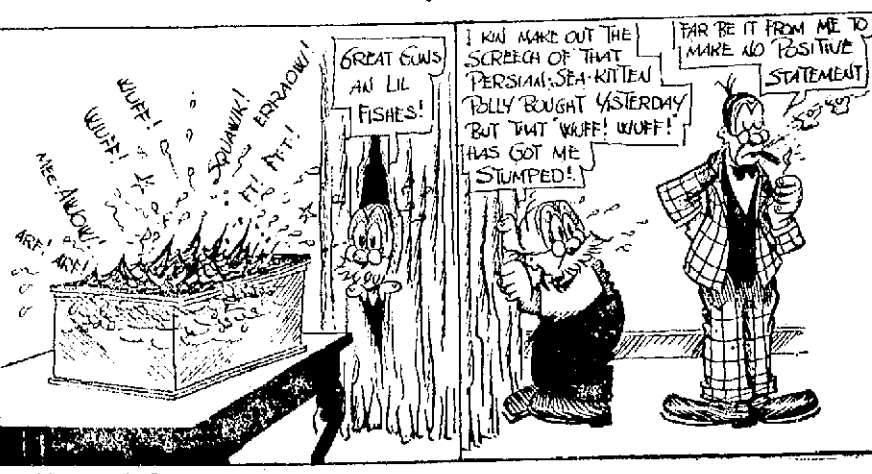

Anyway, the whistling to keep up courage has stopped.

We have all been there before at one time or another and ought not to blame the other fellow because he is doing the shouting.

The only change in the fox-trot is that the gentleman go backward part of the time. Two years ago a man who danced backward would almost be thrown out bodily. There is a change also in the music.

FINAL

ELECTION

EXTRA

(Associated Press Leased Wire)

PORTSMOUTH, OHIO

FRIDAY, NOVEMBER 10, 1916.

(Established April 20, 1914)

# WOODROW WILSON ELECTED PRESIDENT OF UNITED STATES

## THE CALIFORNIA VOTE DECIDES PRESIDENTIAL RACE IN FAVOR OF DEMOCRAT CANDIDATE

New York, November 10—Woodrow Wilson was elected president of the United States when California swung definitely into the Democratic column early today.

The only states where the result remained in question today were Minnesota, New Hampshire and New Mexico, with 19 electoral votes. Unless there is a decided overturn in the districts missing Wilson will carry New Mexico. Hughes is leading in Minnesota. The result will not be known in New Hampshire until the official count is completed. West Virginia, which was classed as doubtful until late last night, has gone definitely for Hughes.

Unless the state of California is divided, which now seems a possibility, Mr. Wilson is assured of 269 votes in the electoral college, three more than a majority, and Mr. Hughes of 243. The president could lose three votes from California and still have enough to elect. This loss would be offset by New Mexico which it seems certain he has carried. If Mr. Hughes carried both Minnesota with twelve votes and New Hampshire with four, he would have only 259, seven less than enough to elect.

Mr. Wilson could lose New Mexico and three votes from California and still win.

The result in Minnesota may be determined by the ballots of the 2,138 national guardsmen now on the Mexican border, which will not be counted until the state canvassing board meets next Tuesday. Returns received early today in the state gave Hughes a lead of slightly over 1,000 votes.

With 99 districts missing out of 638 in New Mexico Wilson was 1,410 ahead. The remote precincts not yet heard from are sparsely settled and it was not believed the president's lead could be wiped out.

The outcome in New Hampshire was in greater doubt than in any other state. Certified returns from all but 25 precincts gave Hughes a lead of 131 but unofficial figures from the districts lacking were said to show a Wilson plurality of 117.

California complete, except for 36 of the 5870 precincts in the state gave Wilson 465,669 and Hughes 462,538, a plurality of 3131 for the president.

The Democratic National Committee headquarters gave out the following statement when the result in California became known:

"The president has carried the country by a popular plurality of from 200,000 to 300,000. With an electoral vote of 272 absolutely sure and with Minnesota, West Virginia and New Hampshire still to be decided, to say there will be any contest is an insult to the intelligence of the American people."

## HE'S PRESIDENT OF US ALL

"There is nothing to add to our statements previously made. We have claimed the re-election of President Wilson since early Tuesday evening; we knew we had it. We have been fighting especially for the western states."

Sacramento, Cal., Nov. 9.—Because of the closeness of the contest between President Wilson and Charles E. Hughes in California it was predicted this afternoon by Secretary of State Frank C. Jordan that there is likely to be a split in the electoral vote of the two parties. Jordan said he was so sure that some of the Republican and Democratic electors would be chosen that he had already decided to ask both parties to delegate representatives to be present when the official count is made.

### 10,00 For Wilson In Washington

Seattle, Wash., Nov. 9.—2095 precincts out of 2385 in Washington gave Hughes 141,570; Wilson 152,135, a majority of 10,563.

## Prepare For Cases Of Fraud

San Francisco, Nov. 9.—John W. Preston, U. S. district attorney, received orders today from Washington to be prepared to handle any election fraud cases in California which might be brought to his attention. No complaints had been made to him today.

## ELECTORAL VOTE TO BE PROBED

Topeka, Kas., Nov. 9.—Charles Sessions, Republican state chairman announced today that legal counsel had been engaged to investigate the constitutionality of the electoral vote in Kansas. He would not say whether the vote would be contested.

It was claimed at Republican headquarters that the voters cast their ballots for the presidential candidates rather than for electors. The vote for electors this year was made for the group instead of for individual electors as in the past. Republicans say that this manner of voting was unconstitutional.

## Villa Men Victorious

Laredo, Tex., Nov. 9.—Severe fighting between Carranza and Villa soldiers at Santa Rosalia with the Villa men victorious is reported by persons reaching the border from Monterey. The body of General Fortunato Mayotte, Carranza general, is said to have been brought to Monterey and several wounded officers are reported arriving there.

## ESTABLISH A GUARD

Oakland, Cal., Nov. 9.—Members of the local Democratic state central committee established a guard today at the local court house where Alameda county's ballots are being counted.

## CLAIM WOMAN ELECTED TO CONGRESS

Helena, Mont., Nov. 9.—The state Republican central committee on revised and fuller figures from the state today claimed the election of Miss Jeannette Rankin to congress, and the entire state ticket excepting governor and possibly lieutenant governor.

### THE PRECIOUS DAYS.

The days come and go like veiled figures sent from a distant friendly party, but they say nothing, and if we do not use the gifts they bring they carry them as silently away.—Emerson.

## THREE SHIPS ARE SUNK

London, Nov. 9.—Lloyds' [Sheldra], Skerries and Sunny nounces that the British steamers Side have been sunk.

## WILLIS WANTS TO GIVE DEMOCRATS FULL SWING

Columbus, Nov. 9.—Governor Willis' appointees at the head of state departments will not fight to hold their jobs under the Cox administration, it was indicated today by friends of the governor who said it was the governor's desire that they all go out of office with him January 1.

"The governor may have something to say on this in a day or two," Secretary Tipton said tonight. The governor is not expected to ask his appointees to resign but he has talked the situation over with them since his defeat and has indicated that he wants to give the Democrats full swing and then hold them responsible for the entire administration.

Republicans around the state house today were blaming the

## GUARDSMEN VOTE ON THE MEXICAN BORDER

Chicago, Nov. 9.—Guardsmen from two of the five states now classed as doubtful voted on the Mexican border. These were the men of Minnesota, estimated at about 2,100 and of North Dakota which had one infantry regiment on the border.

New Hampshire, California and New Mexico guardsmen, outside their own states, did not vote. New Mexico guardsmen who happened to be stationed in their own county in their home state could vote. West Virginia guardsmen could not vote. Guardsmen from more than a dozen states, including the solid south voted, but in most of these states the result was so decisive that the border vote was not an important factor. In only a few cases were figures on the guardsmen vote available at the border.

## WILSON AHEAD IN N. DAKOTA

Fargo, N. D., Nov. 9.—Returns from 1,763 precincts out of 1,859 in North Dakota give Wilson 53,463; Hughes 51,909.

## Woman Is Arrested For Using Mails To Defraud

Cleveland, Nov. 9.—Mrs. Della Campbell, 30, was arrested today by federal authorities charged with using the mails to defraud David S. Shearer, 84, lumber dealer, of Ashland, Ohio. The specific charge is that she sent a letter to Shearer seeking to secure money.

# Five States Remain In Doubt; Neither Side Will Concede Election Of Opposing Candidate

## Ohio Legislature To Be Democratic

### WILSON WILL GET 288 VOTES SAYS M'CORMICK; HUGHES 280, CLAIMS CHAIRMAN WILL COX

#### [BULLETIN]

New York, Nov. 9.—Chairman McCormick of the Democratic committee announced late this afternoon that he had sent telegrams to all the Democratic state chairmen in the country telling them to "engage bands and buy red fire to celebrate tonight the re-election of Woodrow Wilson."

New York, Nov. 9.—Chairman Willcox called on Mr. Hughes at 3:45 p. m. at the latter's hotel. Mr. Willcox said his visit was without special significance. "I have nothing to add to my early statement," Mr. Willcox said. "We claim that Mr. Hughes has been elected."

New York, November 9.—With five states still in doubt the national committee chairmen of the Republican and Democratic parties were unwilling to concede here this afternoon that the opposing presidential candidates had received a sufficient number of electoral votes to win.

Meanwhile it was indicated at both headquarters that in states where the vote was close a recount would be demanded. Both sides again announced they were taking precautions to guard ballot boxes.

Vance McCormick, Democratic chairman, reiterated emphatically his claim of yesterday that President Wilson would be re-elected with 288 electoral votes, 22 more than enough to bring him the victory. Mr. McCormick claimed North Dakota, California, New Mexico and New Hampshire and insisted the Democrats had a good chance to win Minnesota.

(Continued On)

### WILSON VICTORY IN CALIFORNIA WILL ELECT WILSON, CLAIM THE DEMOCRATS

#### Both Claim California

San Francisco, Nov. 9.—Louis H. Mooser, member of the Democratic state central committee, issued the following statement in behalf of O. K. Cushing, chairman of the Democratic state central committee:

"We have California. We are absolutely positive. Mr. Cushing is checking up my figures made throughout the night, and so far has found them correct. These figures show we have the state. Conceding that Los Angeles gives Hughes a 22,000 lead we still

carry California for Wilson by at least 2500 votes."

San Francisco, Nov. 9.—Chester H. Rowell, chairman of the California Republican state central committee, issued today at noon the following statement:

"Our figures very carefully checked, show that we have the state by a very narrow margin. It is possible that the vote may be split as it was four years ago. If this is the case, it elects Hughes, no matter which side has the long end of the division."

### TO DEMAND RECOUNT

New York, Nov. 9.—Henry Morgenthau, in charge of Democratic headquarters this morning in the absence of Chairman McCormick said that a recount would be demanded for the vote in New Hampshire. This he said would be done in spite of the figures received this morning, saying that Wilson has a lead of 83 votes. He added that Democratic figures show that the Wilson lead was 500 votes and in view of the complex situation a recount would be necessary. Instructions to the Democratic committee in New Hampshire to demand the recount had already gone forward, he said.

### BULLETINS

#### OREGON FOR HUGHES

Portland, Ore., Nov. 9.—Returns by approximately 20,000 plurality representing approximately 83 according to returns compiled to per cent of the vote of the state day from nearly three fourths of Oregon, tabulated up to the vote.

#### PRESIDENT WILSON CARRIES MONTANA

Portland, Ore., Nov. 9.—Returns by approximately 20,000 plurality representing approximately 83 according to returns compiled to per cent of the vote of the state day from nearly three fourths of Oregon, tabulated up to the vote.

#### WILSON LEADS IN IDAHO

Boise, Idaho, Nov. 9.—President Wilson carried Idaho by a substantial lead over Charles E. Hughes in Idaho early today. Returns from 552 of the 743 precincts gave Wilson 50,467 votes as against 46,235 for Hughes. The race for governor still was in doubt although the incumbent, Moses Alexander (D), was leading by 12,37 over Davis, R.

#### SUFFRAGE TRAILING

St. Louis, Mo., Nov. 9.—Returns from all of the 120 counties in Kentucky, increased President Wilson's majority over Hughes to 27,915. The official count has not yet been completed, but it is not expected to change.

#### MONTANA FOR WILSON

Helena, Montana, Nov. 9.—

#### WILSON CARRIES KY.

Louisville, Ky., Nov. 9.—Superior returns received today from all of the 120 counties in Kentucky, increased President Wilson's majority over Hughes to 27,915. The official count has not yet been completed, but it is not expected to change.

### LATE VOTE IN THE DOUBTFUL STATES

Fargo, N. D., Nov. 9.—Returns for president from 1718 precincts out of 1539 in North Dakota give Wilson 53,092; Hughes 51,672.

St. Paul, Minn., Nov. 9.—Hughes leads on returns from 2835 precincts out of 3025 in Minnesota, the count being Wilson 173,859; Hughes 174,452.

Concord, N. H., Nov. 9.—New Hampshire complete but only partially certified to the secretary of state, gives Hughes, 42,732; Wilson, 43,819. Wilson's plurality, 117.

Santa Fe, N. M., Nov. 9.—Unofficial returns from 336 precincts out of the 705 in New Mexico, today showed Charles E. Hughes still maintaining a slight lead over Wilson. These precincts gave: Hughes, 14,794; Wilson, 14,336.

Democrats base their claim on the election of Wilson on carrying California, which, according to the table below, as claimed by the Democrats, would give Wilson 263 votes, or two more than a majority.

It will be noted that the four votes of New Hampshire, are credited to Wilson. The Republican leaders do not concede this although on their face, the unofficial returns, partly verified, give Wilson a lead. The vote in the state is now being checked.

With the 255 votes in the table, and the 13 in California, Wilson would have 268 votes, even if Hughes were to carry Minnesota, North Dakota and New Mexico, which the Democrats refuse to concede.

Late returns at 3:30 indicated that Hughes has the slight advantage in Minnesota and New Mexico, and Wilson a similar slight advantage in North Dakota. The incoming returns in these states, however, keep up a continual shifting, and it will be mere guess work until the final returns are in.

The Democrats on their hopes in California on the fact that only 9 precincts remain to be heard from in Los Angeles county, a Hughes stronghold, while in the 300 other precincts out, they believe Wilson will show a slight gain. As he has now a lead of about 2,500 in the state, from this basis, it should be safe for him.

The table follows:

States	Electoral Vote
Alabama	9
Arizona	5
Arkansas	12
California	21
Colorado	11
Florida	12
Georgia	12
Idaho	4
Illinois	12
Kansas	12

Nebraska	4
Nevada	4
New Hampshire	4
North Carolina	12
Ohio	24
Oklahoma	12
South Carolina	12
Tennessee	12
Texas	24
Utah	4
Virginia	12
Washington	12
Wyoming	4

#### FAVORS SUFFRAGE

Columbus, O., Nov. 9.—The Columbus Evening Dispatch today editorially declared for Woman Suffrage. It heretofore has opposed Woman Suffrage.

### Tumulty Gets Assuring News

Long Branch, N. J., Nov. 9.—Messages received by Secretary Tumulty at 3:30 o'clock this afternoon convinced him that President Wilson had carried New Hampshire and California which on the basis of states previously tabulated, would give the president enough electoral votes. The New Hampshire message was from Senator Hollis, and said that on a recount Mr. Wilson would carry the state by 500. The president made no comment, preferring to wait the full count.

### DEMOCRATS HOLD LEAD IN HOUSE

New York, Nov. 9.—Returns on the election for members of congress received up to one o'clock today showed 212 Democrats and 203 Republicans elected with sixteen districts not yet accounted for.

Seven of these sixteen districts are Democratic in the present congress and nine are Republican. Should each keep to its present political affiliation the count would stand: Democrats 219; Republicans 212; which would give the Democrats a majority of three over the 212 Republicans and four representatives of other parties in the house.

### FEAR ATTACK BY VILLA

El Paso, Texas, Nov. 9.—All foreign residents of Chihuahua City are expected to arrive at the border tonight on a train which is reported to have left Chihuahua city today. The fear of an attack on the Chihuahua state capital by Villa bandits and a massacre of the foreign resident is said to be responsible for the reported exodus.

#### SHIP SUNK

London, Nov. 9.—The steamship Sussexfolk, 780 tons gross has been sunk. The crew was landed.

### ENTIRE STATE TICKET ELECTED BY DEMOCRATS; TURNER CONCEDES THE ELECTION OF JOS. M'GHEE

Columbus, O., Nov. 9.—Interest in Ohio today centered on the makeup of the legislature which will convene the first of the year immediately following the inauguration of Governor-elect James M. Cox and almost complete returns showed that President Wilson carried the state by more than 80,000 and gave substantial pluralities to Senator Pomerene, Cox and the entire Democratic state ticket.

The returns show that Governor-elect Cox will be aided in his administration by a Democratic legislature. Both houses of the assembly appear to have substantial majorities.

Indications are that the legislature will be divided on the wet and dry question. State Anti-Saloon League headquarters today claimed a dry majority in the lower house.

It is conceded that the wets have a majority in the senate. Politicians today were discussing what this winter's legislative program would include, although it was said that Governor-elect Cox favors a short session with the consideration of only must legislation.

Until this morning, Republican leaders had held out hope that Attorney General Edward C. Turner had been re-elected. This morning, however, Mr. Turner conceded the election of his Democratic opponent, Joseph McGhee of Jackson, a former law partner of former Attorney General Timothy S. Hogan and first assistant attorney general under the Logan administration. The race for attorney general was the closest on the state ticket. All of the other candidates for state office appeared to have been successful with substantial pluralities. The official vote from 34 counties, received this morning by the secretary of state showed:

TURNER CONCEDES DEFEAT  
Columbus, O., Nov. 9.—Attorney General Turner, the only Republican candidate on the state ticket, who was said to have any hope of surviving the Democratic landslide in Ohio, today conceded his defeat, saying he was not going to wait for the official count.

"So long as the other candidates of the Republican party have gone down to defeat, for obvious reasons I sincerely trust that the official count will show that I have shared the fate of my associates," said Turner.

Turner added that he had long ago determined when he left the attorney general's office he would never again be a candidate for public office.

#### INDIANA FOR HUGHES

Indianapolis, Ind., Nov. 9.—Charles E. Hughes' lead over President Wilson was slightly reduced by belated official returns received here shortly before noon today. With only 237 out of the 3,143 precincts in Indiana missing the Republican nominee had a margin of 8,487. The totals were: Hughes, 319,993; Wilson, 311,500. Candidates for governor and United States senator still held good leads over their opponents.

### FAMOUS JOCKEY CALLED BY DEATH

London, Nov. 9.—Danny Maher, the American jockey, died at a nursing home in London early today after a lingering illness which caused his retirement from the turf three years ago.

Danny Maher had the greatest record of any jockey on the American or English turf in recent years. He was a star performer on English race courses for nine years prior to his retirement. In this time he rode to victory in three derbies, his mounts being Rock Sand, Cicero and Spearhead. He also captured the Oaks in 1906 with Key Stone II, the Doncaster St. Leger in 1903 with Rock Sand, and the same classic race in 1909 with Bagardo. He was reputed to be worth a large fortune as the result of his turf victories.

## NORWAY REPLIES TO THE GERMAN PROTEST ON SUB ORDINANCE

Christiania, via London Nov. 8.—The Norwegian note replying to the German protest against the U-boat ordinance of October 13 was today delivered to the German ambassador here.

The controversy between Norway and Germany over the submarine question reached an acute stage with the passage of the ordinance of October 13, by King Haakon's government. By this ordinance submarines of belligerent powers were forbidden to traverse Norwegian waters, except in cases of emergency.

In the latter they were directed to remain upon the surface and fly their national flag. Mercantile submarines were also ordered to remain on the surface and display their country's colors. This ordinance provoked strong feeling in Germany and Dr. Alfred Zimmermann, the German under-secretary for foreign affairs, was quoted in a Copenhagen paper as saying that the German note of protest would be a serious one and that Germany would not calmly submit to the action of the Norwegian government.

## PRESIDENTIAL

(Continued)

Republican Chairman Willcox said he stood by his statement of last night that Hughes would get at least 280 electoral votes.

Charles B. Warren, Republican national committeeman from Michigan, after a conference with other Republican leaders at headquarters, declared that Oregon and West Virginia were safely for Hughes and the outcome depended on Minnesota, California, North Dakota, New Mexico and New Hampshire. Minnesota would probably go for Hughes, he said, but in the last four of these states the official count would be necessary to determine the result.

New York, Nov. 8.—If the result of the incomplete returns of Tuesday's balloting are accepted as final in all but five states at today, the electoral vote would give President Wilson 251 and Mr. Hughes 243.

The five doubtful states with their electoral votes are: California, 13; Minnesota, 12; New Mexico, 3; North Dakota, 5; New Hampshire, 4.

The sudden switch of New Hampshire from a small Hughes plurality to 93 votes and later slightly increased for President Wilson, was the dramatic change in the situation this forenoon.

In Minnesota and New Mexico the incomplete returns show Mr. Hughes to have the lead, while in California and North Dakota President Wilson is leading. The returns from doubtful states are belated and not expected to be available before a late hour today.

unofficial returns, follows:  
Wilson, 22,525; Hughes, 23,633;  
Hughes' majority, 1,108.  
For U. S. senator, Josiah O. Wolcott, Democrat, 21,979; H. A. Dupont, Republican, 20,110. Wolcott's majority, 1,869.

**WASHINGTON FOR WILSON**  
Seattle, Nov. 8.—Revised returns from 1880 precincts of 2335 in Washington early today gave Hughes 139,225; Wilson 145,406.

The reduction in the President's vote as compared with reports two hours earlier was caused by the correction of an error in the previous tabulation. The President still has a lead of more than 9,000 over Mr. Hughes.

**CARRIES WILSON'S STATE**  
Trenton, N. J., Nov. 9.—With twelve counties incomplete and 25 small districts missing in the eight remaining counties, Charles B. Warren, Republican national committeeman today was 51,774 over President Wilson in the latter's own state. The vote for Hughes was 262,350 and for Wilson 207,612.

Mercer county complete where the president voted, gave Hughes a plurality of 3,639, out of 15,001 votes cast.

**HUGHES' MARGIN SWELLS**  
Chicago, Nov. 9.—Republican pluralities in Illinois kept growing today as late returns came in. Hughes' margin over Wilson had climbed past the 135,000 mark and seemed destined to go close to 200,000. The plurality of Frank O. Lowden, Republican nominee for governor, over Governor Dunne, appeared to be ranging around the 150,000 point. The Republican victory in Cook county Tuesday took from Democratic control 1058 regular monthly positions at an annual payroll of \$1,822,730.

## CLAIMING CHAMPIONSHIP

Now comes Gallipolis high school with a claim on the Ohio high school football championship and, in the Gallipolis Tribune it states that Portsmouth high defeated Ironton high, but that is a lie, as Ironton defeated Portsmouth by the score of 22 to 6.

Gallipolis on last Saturday defeated Portsmouth by a score of 3 to 0, and thereby lays claim to the high school championship title of the state, says the Ironton Irontonian. However, they have about as much chance to claim the title as has North Kenora, or the poor old, much-defeated Portsmouth team.

Ironton has a legitimate claim on the high school title, and until defeated by an Ohio team, will be considered as the best in the state. Gallipolis high has steadfastly refused to play Ironton, so it seems that about the only way to determine this little fuss is for the teams to meet on the gridiron before the present season closes, but the dope shows that Ironton far outclasses their Gallipolis rivals.

Ironton high school authorities stated last night that they were willing to meet the Gallipolis team at any time suitable to both and the negotiations would be opened at once to that end.

## Made Fine Showing

Anderson Henderson is proudly boasting of the showing he made as the Democratic committeeman in Precinct II of the Fourth ward. He believes a personal canvass he himself made was largely responsible for the excellent showing President Wilson made. The President received 113 votes against 175 for Hughes, but four years ago Wilson received but 22 votes in the Hill-top precinct, which is perhaps the largest in the city.

Then there is Alex. Loutlet, a brave fireman of Buffalo, who is glad to write as follows: "I lost an old sore on my leg for many years. The best doctors exactly healed the sore quickly. And from over in Canada comes a letter from A. Blockley, stating: "The best thing I ever hit for itching piles is PETERSON'S OINTMENT." A big box for 25 cents.

## River Ruffled By High Wind

Thursday noon found the Ohio river on a veritable rampage, the worst wind in months raging in the local harbor.

The ferry Relief which had tied up at Capehart's landing was torn loose from its moorings, breaking a spar of the Capehart float and her stern line. She was carried up against the newly repaired C. & O. ferryboat Chesapeake, breaking several buckets of that boat's wheel. She was then swept up against the packet Mildred Runyon, turning her clear around heading up-stream and against the wharfbank.

The Chesapeake, which for the past week, had been undergoing repairs at Russell, Ky., was grounded all night on Bonanza Bar.

## FEAR EXPRESSED FOR AMERICANS

El Paso, Tex., Nov. 9.—As no news has been received here for ten days of the Americans known to be in Parral and Magistral mining districts, fears for their safety have increased.

Ten Americans were known to be in Parral before its reported evacuation by General Herrera. Nothing has been heard of them since October 28. Eight Americans and other foreigners have likewise been cut off from communication with the Magistral mines.

The Alvarado Company is unable to confirm the report that T. G. Hawkins, of the company, has reached Torreon, enroute to Eagle Pass, Texas.

Another report of Mexican origin is that General Herrera has not left Parral as reported, but drove Villa's band to Dorado, 25 miles south, where its rout was completed by Carranza forces from Escalon.

## File Suit To Test The Eight Hour Law

Omaha, Neb., Nov. 9.—The Union Pacific Railway company filed suit in the federal court here yesterday to test the constitutionality of the eight hour law recently passed by congress and known as the Adamson Act. Thomas S. Allen, U. S. district attorney and four Union Pacific trainmen representing the different railroad brotherhoods are made party defendants. The bill of complaint alleges that the law is unconstitutional because it is not a proper regulation of interstate commerce, because it violates the guarantee of the fifth amendment to the federal constitution and because it is unworkable as applied to existing conditions under which the trainmen are operating. The bill of complaint is a printed document of considerable size and contains copies of all the status under which the trainmen work.

Albuquerque, N. M., Nov. 9.—Returns from 411 of the 638 precincts in New Mexico give Wilson 22,448; Hughes 22,363.

St. Paul, Minn., Nov. 9.—Fred B. Lynch, Democratic national committeeman from Minnesota, telegraphed President Wilson this afternoon that Minnesota would give him a plurality of 1,000.

New York, Nov. 9.—Chairman McCormick announced at 3:45 p. m. that he had been told over the long distance telephone by State Democratic Chairman Ferrand, of New Hampshire, with all the ballots counted, Wilson had carried that state by 115 votes.

## SOCIALIST PARTY REPORTS GAINS

Chicago, Nov. 9.—Carl D. Thompson, manager of the Socialist party in a statement made today said:

"In 1912 the socialist party polled 900,000 votes. This election the returns show we have polled about 1,200,000. While this gain of the total vote cast by our party is not as great as we had hoped for we are satisfied with the general result.

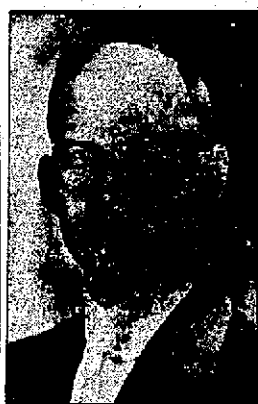

"We believe we have elected about 35 members of the legislature in 21 states. In Minneapolis we elected our candidate for mayor, Thomas H. Van Lear. In Milwaukee we appear to have elected the district attorney and perhaps the sheriff.

## HERRICK'S STATEMENT

Cleveland, O., Nov. 9.—Former Governor Myron T. Herrick today gave out the following statement on the election:

"The turn in the Wilson swing in Ohio came about two weeks ago. Had the people been given two weeks more for examination and reflection there is little doubt that the state would have elected the whole Republican ticket. During my entire campaign I have directed my attention, with all the power I possess, to the election of Governor Hughes, believing that a majority for him in Ohio would mean a majority also for the state ticket; believing also that it was as important that he should be chosen as that Lincoln should have been elected in 1860 or McKinley in 1896. I am still firmly of that belief.

## Grape-Nuts Flavor

Grape-Nuts food is probably the most appetizing form in which honest whole wheat is utilized as food.

But to whole wheat is added malted barley in making Grape-Nuts, and the sense of taste quickens at once when a spoonful of the food is eaten with cream. For the barley has a rich, individual taste which, blended with the sweetness of wheat, creates a rare flavor recognized by the palate as unusually new and delicious.

Aside from its wonderfully vitalizing value as a food, Grape-Nuts has a flavor that has made it a favorite everywhere.

## "There's a Reason"

## WILCOX ISSUES A NOTE OF WARNING; RESENTS INTIMATIONS

New York, Nov. 9.—Chairman Wilcox issued the following statement last night:

"The returns from states in which the vote is close are coming in slowly. The delay appears to be caused by the time required to get in reports from rural communities. The latest returns clearly indicate that Minnesota, North Dakota, New Mexico, Oregon and probably California have gone for Hughes.

"These added to the states already carried gives him 280 electoral votes. If all or some electoral votes of California should go to Wilson there are enough to insure the election of Hughes.

"Every precaution must be taken to secure an honest count of the ballots in every close state. Anybody who intimates that Chas. Evans Hughes would permit any man or group of men to attempt to steal the presidency for him is a contemptible scoundrel and knows it.

"I say further, with a full sense of responsibility, to the American people, that any man or group of men who attempt to steal the presidency from Mr. Hughes will do so at their peril."

## JAPAN ACCEDES TO JOINT REQUEST NOT TO HOLD ISLANDS

Tokio, Nov. 9.—The Associated Press learns that Japan has agreed not to make as a part of her peace conference demands the right to hold permanently the South Sea Islands, which were wrested from Germany at the outbreak of the war. Several of these islands which belong to the Caroline and Mariana groups, lie not far from the American Island of Guam, the American terms of the Pacific cable. It is understood the United States has informally expressed a desire that these islands should not become the permanent property of the Japanese Empire.

Inasmuch as they were captured to assist joint operations of the British and Japanese fleets it is understood the United States first took up the question with Great Britain and that a joint suggestion was made by Great Britain and the United States that Japan should not insist upon the permanent maintenance of the islands.

In view of Japan's promise to accede to the joint request it is believed likely that Japan at the peace conference will seek compensation in some other direction, perhaps in the affirmation of her rights in the Chinese Peninsula of Chantung of which Kian Chou is the great naval base.

The islands in question are now administered by the Japanese government.

## French Are Interested In The U. S. Election

Paris, Nov. 9.—The American election is being followed with the deepest interest, the news having the place of honor in most morning papers. The commentators, mindful of the dramatic surprises of yesterday when the supposedly certain Hughes victory was turned into a possible defeat, are reluctant to commit themselves. The majority of the comment is similar to that of Stephen Pichon in the Petit Journal who expresses the belief that the victory of either candidate will have little effect on American policy as far as the big questions interesting France are concerned.

It is also pointed out that the present administration will remain in power in any event until March 4 and that many things may happen between now and then.

The Matin remarks that while a victory for Mr. Hughes might mean a more vigorous international policy, it would also mean a protectionist regime. The Matin comments that this change, while unimportant in time of war, might be awkward for French business interests on the return of peace.

### A Kidney Medicine That Heals and Strengthens

Several years ago I had charge of a plantation in the canebrake swamps on the lower Mississippi River. While there I contracted a severe case of Swamp Fever, getting so bad that I had hemorrhages of the bladder. I was under a doctor's care for about sixty days with very little hope of my recovery. I did not find relief from the doctor's medicine and Dr. Kilmor's Swamp-Root being recommended to me, I tried some and got almost immediate relief. After taking seven fifty-cent bottles, I was able to resume my duties. Have not been obliged to take any medicine since that time.

WILSON AHEAD IN CALIFORNIA;

HUGHES LEADS IN MINNESOTA

The Vote In Two

Important States

Fluctuates Leaving

Results In Doubt

St. Paul, Minn., Nov. 9.—Returns for president from 2,516 precincts out of 3,024 in the state give Wilson 162,656; Hughes 163,889, a plurality of 1,233 for Hughes. Later two more precincts reporting gave Wilson a total of 162,911 and Hughes 163,911 a plurality of 1,000 for Hughes.

Returns for president from 2,534 precincts out of 3,024 in the state give: Wilson, 163,959; Hughes 164,764, a Hughes plurality of 805.

San Francisco, Cal., November 9.—President Wilson was leading Charles E. Hughes early today by a margin of approximately 4,400 with all but 570 of the state's 5,917 precincts accounted for.

Of the missing precincts 143 are in Southern California, where the Republicans have shown the greatest strength and the remainder are scattered throughout the northern section of the state where the Democratic vote has been heavy. In the city of Los Angeles the returns from 118 precincts were held under guard of the United States marshal and his deputies last night and today they are to be tabulated. The possibility of a split electoral vote in California was discussed here today. In 1912 two of the Democratic electors overtook the two low men on the Progressive ballot, making California's delegation to the electoral college eleven for Roosevelt and two for Wilson.

New York, Nov. 9.—Statements were issued from both Democratic and Republican national headquarters this morning still claiming the pivotal states for the respective parties.

"When I retired at five o'clock," said Chairman McCormick in a statement issued from his hotel, "I knew that North Dakota was safe for Wilson, California absolutely ours and we had New Mexico surely and that we are putting up a good fight in Minnesota."

George W. Perkins, at Republican headquarters declared that New Mexico and Minnesota were both swing towards Hughes and that North Dakota was sure. He asserted that if these three states were placed in the Hughes column the Republican candidate's election was assured without California's 13 electoral votes.

CULKINS WILL

MAKE TALK

Ironton, Nov. 9.—Arrangements have been completed for the Chamber of Commerce mass meeting to be held in the auditorium of the court house next Tuesday evening, November 14.

W. C. Culkins, secretary of the Cincinnati Chamber of Commerce, will be the principal speaker.

Elia—Age before beauty.  
Stella—You are always getting ahead of me.

SUFFRAGE

TRAILING

IN S. DAK.

Sioux Falls, S. D., Nov. 9.—Three-fourths of the state's vote complete on suffrage is 16,997 for; 18,270 against.

The lawyer—The precincts are against you, sundays. The lady—Well, sue them, too. Men—Boston Transcript.

Middleton Wins

In Lawrence Co.

Ironton, Nov. 9.—Returns from various counties in this judicial district indicate that Judge Middleton has won over Judge Merriman. Middleton's plurality will be a handsome one.

The returns also indicate the election of Otto Vollenweider for state senator, over C. J. Neekamp, who made a very creditable race. The figures are not yet available from counties outside of Lawrence.

TO DEMAND RECOUNT

IN NEW HAMPSHIRE

New York, Nov. 9.—Henry Morgenthau, in charge of Democratic headquarters this morning in the absence of Chairman McCormick said that a recount would be demanded for the vote in New Hampshire. This he said would be done in spite of the figures received this morning, saying that Wilson has a lead of 93 votes.

He added that Democratic figures show that the Wilson lead was 500 votes and in view of the complex situation a recount would be necessary. Instructions to the Democratic committee in New Hampshire to demand the recount had already gone forward, he said.

Hughes Wins In

Oregon

Portland, Ore., Nov. 9.—Returns representing approximately 93 per cent of the vote of the state of Oregon, tabulated up to an early hour today, showed a lead for Hughes for president of 6,272 votes.

The returns included figures from every county except one. It was estimated that the missing precincts would not materially effect the result. The figures were Hughes 105,898, Wilson 94,626. All Republican nominees for state officers were elected and all three Republicans in congress were re-elected.

Idaho

Favors

Wilson

Boise, Idaho, Nov. 9.—President Wilson maintained a substantial lead over Charles E. Hughes in Idaho early today. Returns from 552 of the 743 precincts gave Wilson 59,407 votes as against 46,205 for Hughes. The race for governor still was in doubt although the incumbent, Moses Alexander (D) was leading by 1,237 over Davis (R).

Fixed, but a Fixure.  
"Do you think you can fix this car?" inquired the luckless motorist.  
"I think so," replied the village blacksmith, who was something of a wag, as he moved around in the shade of the spreading chestnut tree. "When I get through with it if it is not fixed in one way it will be in another."  
"And he was right," Richmond Times-Dispatch.

Montana

For Wilson

By 20,000

Helena, Montana, Nov. 9.—President Wilson carried Montana by approximately 20,000 plurality according to returns compiled today from nearly three fourths of the vote.

United States Senator Henry L. Myers was re-elected by a majority of 10,000. Harry B. Mitchell (D) is leading Miss Jeanette Rankin (R) for congress but by a small majority. The Democrats have elected all but three state officials and Montana has adopted prohibition by a substantial vote.

Samuel V. Stewart, (D) was re-elected governor over Frank J. Edwards by more than 5000.

HUGHES WINS

SOUTH DAKOTA

BY 10,000

Sioux Falls, S. D., Nov. 9.—Hughes carried South Dakota by approximately 10,000 votes; the suffrage amendment is in doubt and the Prohibition amendment was adopted by 25,000 according to the latest returns from Tuesday's election. Peter Norbeck, Republican for governor leads his Democratic opponent by 20,000 votes on nearly complete returns from the state.

Mrs. Charles Pugh and son, William, Toledo, are spending a few weeks at the home of Mrs. Ada Kelly, 1116 Hutchins street.

WILLCOX ISSUES A

NOTE OF WARNING;

RESENTS INTIMATIONS

New York, Nov. 9.—Chairman Willcox issued the following statement last night:

"The returns from states in which the vote is close are coming in slowly. The delay appears to be caused by the time required to get in reports from rural communities. The latest returns clearly indicate that Minnesota, North Dakota, New Mexico, Oregon and probably California have gone for Hughes.

"These added to the states already carried gives him 280 electoral votes. If all or some electoral votes of California should go to Wilson there are enough to insure the election of Hughes.

"Every precaution must be taken to secure an honest count of the ballots in every close state. Anybody who intimates that Chas. Evans Hughes would permit any man or group of men to attempt to steal the presidency for him is a contemptible scoundrel and knows it.

"I say further, with a full sense of responsibility, to the American people, that any man or group of men who attempt to steal the presidency from Mr. Hughes will do so at their peril."

Wilson Centers Interest

On Four Pivotal States

Long Branch, N. J., Nov. 9.—President Wilson got up shortly before eight o'clock this morning to hear again the outcome of Tuesday's election was not yet certain. He read the morning newspapers before breakfast and planned to take an automobile ride later.

Mr. Wilson's first questions had to do with California, Minnesota, New Mexico and North Dakota, the states on which he was told before going to bed last night the result largely hinged. When informed that definite word had been received from none of those states, he realized that he would have to wait longer for the final outcome.

It was taken for granted among officials here that there would be recounts in several of the very close states, and it was believed that weeks might pass before questions involved are settled. Officials said that the results would be watched very closely in order to insure a fair verdict.

The president remained in a cheerful mood today and believed the result would eventually favor him. He will go tomorrow morning to Williamstown, Mass., where he will act as godfather for the child of Mrs. Francis B. Sayre, his daughter.

The president was hopeful that conclusive returns would be received before his departure.

27,000 In

Kentucky

For Wilson

Louisville, Ky., Nov. 9.—Supplemental returns received today from all of the 120 counties in Kentucky, increased President Wilson's majority over Hughes to 27,015. The official count has not yet been completed, but it is not expected to vary much from the figures in hand.

The returns today failed to develop any change in the standing of the congressional delegation from Kentucky. All nine Democratic representatives were safely re-elected.

PICKETING

PROHIBITED

San Francisco, Nov. 9.—An amendment to the San Francisco charter prohibiting picketing, appeared tonight to have been adopted. Complete returns from 644

precincts out of 694 showed 66,743 for and 63,407 against.

The amendment was fathered by the law and enforcement committee of the chamber of commerce in furtherance of its fight for the "open shop," to carry which a fund of \$1,000,000 was pledged.

GERMAN

ATTACK

REPULSED

Paris, Nov. 9.—A German attack on Suilly-Bailles on the Somme front last night was repulsed after a brief hand to hand encounter, the war office announced today. There was great activity of the artillery during the night.

"How long have you been in love with him?"  
"Ever since I rejected him."

Mrs. Ralph Adams, of Ninth street, is seriously ill with rheumatism.

JAPAN ACCEDES

TO JOINT REQUEST

NOT TO HOLD ISLANDS

Tokio, Nov. 9.—The Associated Press learns that Japan has agreed not to make as a part of her peace conference demands the right to hold permanently the South Sea Islands, which were wrested from Germany at the outbreak of the war. Several of these islands which belong to the Caroline and Mariana groups, accede to the joint request it is believed likely that Japan at the American peace conference will seek coterminous of the Pacific cable. It is understood the United States perhaps in the affirmation of her own policy should not be of Chantung, of which Kian Chau is the great naval base.

The islands in question are now administered by the Japanese government.

French Are Interested

In The U. S. Election

Paris, Nov. 9.—The American election is being followed with the deepest interest, the news having the place of honor in most morning papers. The commentators, mindful of the dramatic surprises of yesterday when the supposedly certain Hughes victory was turned into a possible defeat, are reluctant to commit themselves. The majority of the comment is similar to that of Stephen Michon in the Petit Journal who expresses the belief that the victory of either candidate will have little effect on American business interests on the return policy as far as the big questions of peace.

interesting France are concerned. It is also pointed out that the present administration will remain in power in any event until March 4 and that many things may happen between now and then.

The Matin remarks that while a victory for Mr. Hughes might mean a more vigorous international policy, it would also mean a protectionist regime. The Matin comments that this change, while unimportant in time of war, might be awkward for French while they are big questions of peace.

FEAR EXPRESSED

FOR AMERICANS

El Paso, Tex., Nov. 9.—As no news has been received here for ten days of the Americans known to be in Parral and Magistral mining districts, fears for their safety have increased.

Ten Americans were known to be in Parral before its reported occupation by General Herrera. Nothing has been heard of them since October 28. Eight Americans and other foreigners have likewise been cut off from communication with the Magistral mines.

The Alvarado Company is unable to confirm the report that T. G. Hawkins, of the company, has reached Torreon, enroute to Eagle Pass, Texas.

Another report of Mexican origin is that General Herrera has not left Parral as reported, but drove Villa's band to Dorando, 25 miles south, where its rout was completed by Carranza forces from Leon.

DELAWARE

TOTAL

Wilmington, Del., Nov. 9.—The total vote in Delaware, according to unofficial returns, follows:  
Wilson, 22,825; Hughes, 11,158; Hughes' majority, 11,667.

For U. S. senator, Josiah O. Wolcott, Democrat, 21,879; H. A. DuPont, Republican, 20,110. Wolcott's majority, 1,769.

# Series Of Boxing Matches Will Be Held In Distel Hall Nov. 14

## "Buck" Kennedy And Other Locals To Go On

A series of high class boxing contests will take place Tuesday evening Nov. 14 in Distel hall.

The main contest will be of 10 rounds duration between "Buck" Kennedy the local k. o. kid and Dave Framby of Cincinnati who comes here highly recommended by experts of the manly art. Joe Nolan, sporting editor of the Cincinnati Enquirer as well as Lou Bauman and Barney Finney a retired welter-weight boxer of Cincinnati who will be the third man in the ring Tuesday evening to referee the contest. Finney who is known as the "Globe Trotter" has boxed in every city and county of

any size and when talking to the sporting editor of The Times said: "The people will get a run for their money or I will be disappointed." Two other good bouts are on the bill between the well known local boys, Joe Barber and Kid Jenkins and Bob Sutter and "Rohr" Monk. These boys have a host of friends among the local talent and will do their best to win.

Judging from Framby's record the fight will be a close one and our old stand-by Kennedy clash. The first bout takes place 8:30 sharp and there will be no delay.

The boxing will be held under the auspices of the Riverside A. C.

## Ohio State Getting Ready For Indiana

Columbus, Nov. 9.—With Indiana only three days away the Ohio State varsity scrimmaged the freshmen, both on the offensive and defensive, on Ohio Field yesterday afternoon.

The Buckeyes opposed the yearlings while the latter carried the ball on the playing field, but when it was too dark and practice was resumed under the lights, Coach Wilce gave his men the ball to test their offensive strength.

Indiana plays were used in both cases and, although there was little hard work for the Buckeyes, the steady

driving to keep up the gait established by the Illinois and Wisconsin games serves to keep the men in good fighting trim.

Today's workout probable will be the heaviest scrimmage of the week with more "smoothing-up" details for later practices. There is no doubt in the mind of Coach Wilce of the strength of the Hoosiers, as was amply proved by their showing against Northwestern in the championship encounter, was only able to score one lone touchdown against Siehm's boys.

## Wesleyan Plays Miami

Delaware, Nov. 9.—S. W. Williams of Cincinnati, the oldest living graduate of Ohio Wesleyan University, will be among the hundreds who will return to their alma mater on Saturday, November 11, for the first annual autumnal home-coming. Williams graduated in the class of 1848.

This day will be featured by the All-

anti-Wesleyan game which is one upon which the Ohio conference title is depending. Last Saturday Wesleyan removed Case from the race in a spectacular game here. The Wesleyan team is going strong and Miami has been defeated. Freshmen and Sophs will put off stunts between halves and before the game.

## Jack Perry Matched With A Tough "Bird"

Columbus, Nov. 9.—Jack Perry demonstrated to Columbus boxing fans in Monday night's bout that he is an excellent boxer by giving Young Saylor all he could handle in the short distance they traveled. Perry not only showed how much he has improved in the past few months, but he proved that he would stand any punch that might come his way, as every one knows that Saylor is one of the hardest punching men in the game. Jack

stood the storm without showing signs of even being worried. It did not take Athletic Club of Columbus officials long to see the vast improvement in Perry and he was at once signed to articles to meet Ray Click at the Broad Street Club next Monday night. Click and Perry fought a few weeks back in Portsmouth and from all reports, it was one of the greatest bouts ever staged in the river town.

## Sale Of Club May Be Followed By Deals

New York, Nov. 9.—The sale of the Boston American league club, within a month after the team had won the world's championship, is thought by many close followers of baseball poli-

tics to mark the first of a number of changes and readjustments in major league circles. Former President J. J. Lannin made no secret of the fact that the Red Sox were for sale and it ru-

mors and inner circle gossip can be accepted at face value, several other club owners are just as willing to dispose of their holdings, but lack the frankness of Lannin.

The president of the Boston Americans placed a price of \$750,000 upon the club early in the present year and it is understood was offered and refused \$500,000. Under the circumstances the sale of the Red Sox, while the glamour of the world's series victory was still fresh, at \$750,000 appears in the light of a compromise. Judging from past results and attendance figures at Boston the new owners made an excellent deal when the value of the club, franchise and park property is taken into consideration.

## Marshall Vs. Marietta

Huntington, Nov. 9.—Marshall College's fine victory over Otterbein here last Saturday has attracted more attention to the Marietta-Marshall game here this coming Saturday than any football game in years. Adherents of both schools are confident in their team ability to win.

Many out of town patrons are asking for reservations for this battle. Many

of the local school's alumni are coming back as this day is a home coming for them. The whole season record of both teams has made this the climax. All things pointing to this as if by special arrangement, Marshall, with a clean record in six starts has won the Huntington fans, while Wesleyan is now doubly attractive.

## Little Dope From U. of P.

Philadelphia, Nov. 9.—Bob Fowlwell, the coach of Old Penn's football machine, is aiming to close the addition season in a blaze of glory and he expects to win the next four games and then entrain for California with a great record behind his eleven.

The Red and Blue with the new backfield, will go against the powerful Dartmouth outfit at Franklin Field on Saturday. Dartmouth, outplayed the Tigers, and according to the critics should have won, Michigan the next team on Penn's slate seems to have found herself as well as licked the Syracuse eleven. West Virginia Wesleyan is due for a drubbing and then Fowlwell's machine will close the season with Cornell in Philadelphia on Thanksgiving Day.

Hobby Light, a lad whom Glen Warner predicted would be one of America's football stars, is the super-man who has pulled the Fowlwell clan out of the ditch. His play in the Lafayette game, which Penn won easily proved that he is the fleet footed back when Fowlwell has been on the hunt all season. There is another little lad, ever-looked

all year, Jimmy Bryant, of Battle Creek, Michigan, who piloted the team, who has stamped himself as more than a field marshal of merit, for he can punt, pass, call signals and run back kicks like a tornado, and he is but five feet tall. Fowlwell still has a gem of a back to couple to his backfield. Howard Berry, the lad who has twice won the American College Pentathlon championship. Berry is going to occupy a peculiar place in football, for he is to be the "planch player" of the Penn team. Berry is as fast as an arrow, and Fowlwell plans to swing him into the game in the final quarter, when the rest of the team is fatigued from the terrific combat. It is doubtful if any man other than a goal kicker was ever reserved for this stunt by any coach.

Frank Baker, the Sleepless Shoeman, has never laid any claim to being a champion tomato raiser, but he certainly is justified in feeling that he is in a class by himself when it comes to producing late tomatoes. From the vines in the yard of his home opposite York Place, he got a peck of fine ripe tomatoes Wednesday. He is covering the vines and fully expects to eat some of his own tomatoes with his turkey dinner on Thanksgiving day, and another or two with his dinner on Christmas Day.

## Gave Fine Entertainment

An appreciative audience packed the High School Auditorium Wednesday evening and thoroughly enjoyed "The Chimes of Normandy," a comic opera in three

parts. All of the characters were splendidly portrayed and sung, and the entertainment was a complete success.

The next number on the High School Lecture Course is the Gord Rummel Company, who will be here Friday, December 8.

## TAKEN BACK TO PEEBLES

Rodney Partee, of Peebles, who with his three brothers are charged with assaulting Marshal George Hoop of that village, was taken back to Peebles Thursday by Squire Nixon.

It is claimed that the four Partee brothers broke Hoop's nose and beat him up considerably. Hoop fired at the men, but failed to hit any of them.

Squire Henry Nixon, of Peebles, was a business visitor to Portsmouth Wednesday.

American Homes.  
Before I came to America I fancied that I should find one long row of apartment houses extending from New York to San Francisco, some low and palatial, but lawdy, others lowly and some squallid. This idea was partially forged from reading in your own four-cala of your luck of home life as compared with our preponderance of it in England. On the contrary, I found the idealities I visited much that we can learn from you Americans of homeliness and of home living. The amazing thing to me is what your women accomplish in the actual building of their houses, and that, too, with small means.—Lady Inez Stuart in Country Life Magazine.

## SOME QUESTION ABOUT IT

The weakness of every economic reform is the general indifference of the public displays towards it. When the nomination of judges of courts by barter and trade and the order of bosses and rings became so common as to be scandalous, producing a condition that marred both the reputation and integrity of courts, it was proposed that election of these officials be made through a non-partisan hallot, that is a common ticket upon which the names of all candidates appeared without designation as to their political affiliations. After the usual amount of agitation and the usual conspicuousness of the wonders the reform would bring about it was concreted into a statute.

The result does not altogether justify expectations, whether it has produced substantial results is even subject to question by many. It is said no safe can be either so securely or ingeniously constructed that a burglar can not find an equally improved method of opening. The politicians are of equal skill with them, when it comes to devise schemes to circumvent the laws against the exercise of partisanship. They nominate judiciary candidates, put them on the non-partisan hallot and then proceed by means of advertisements in the paper, and cards to make a voter more familiar with the name of a party's candidate for judge than he is with that of any other nominee. Yes, they even go farther than that and furnish the voter with marked ballots to show how he can "still vote for the party's choice." That is evil enough, but the worst is the voters are to a large degree insensitive to what sort of judge they elect, or whether they elect any or not.

As an instance of the display of this disregard of the vital interest to every citizen involved in the election of the judiciary, we will choose Cincinnati as a case in point, not because it is more flagrant than may be found elsewhere, nor because from Cincinnati came the influences that sunk Ohio's highest court to small repute, but because the gross figures make the illustration more striking. We find that in the first 400 precincts reported from that city there was a total of 84,000 votes for president, the highest total vote for judges of the supreme court was 65,000, that is nearly one voter out of every four neglected to vote a judicial ticket.

But if we look at the reform from what has been accomplished by it and what may be reasonable reliance on the outcome for the future, rather than measuring it by what too enthusiastic proponents claimed for it, we can hold it as of sound merit. Measurably it has already raised repute of courts and strengthened public confidence in them, while we may believe that so long as politicians and machines can not give their favorites for judges all that prestige and strength that goes to the candidate under the party emblem, they will have somewhat of a wholesome regard for the good character of the men they name, not often will they dare to offer those notoriously unfit. In a practical sense there has been improvement, undoubtedly; perfection is not to be attained here more than anywhere else until the majority of mankind becomes moved by perfect motives.

You just can't tell anything about it and that is all there is about it.

Let's forget all about it and proceed to build that new court house.

At least both sides had occasion to feel good for awhile anyway.

It was a caution how The Times extras burnt up good white paper, but the people want their news served hot and have got a way of looking to The Times to so serve it and not disappoint them.

Can't depend a thing upon what everybody said. Modestly they placed Cousin Myron's majority over Atlee Pomerene at 85,000 at the very lowest, while it lacks a 100,000 and more of being anything. Which just reminds us that the Democrats are going to come to Ohio for their next presidential nominee.

Huntington thought right before the election she stood a better chance than any other city to secure the government armor plate factory. May be she has reason to think a trifle different today.

The emphatic way in which New Boston rejected our entirely cordial invitation to come in and just make herself at home, leaves no ground to question that she does not like to be any closer to us than she is.

And the worst of it, as some see it, is that it did not effectually kill the straw ballot, the dismal prospect being that it will rage again at the next election.

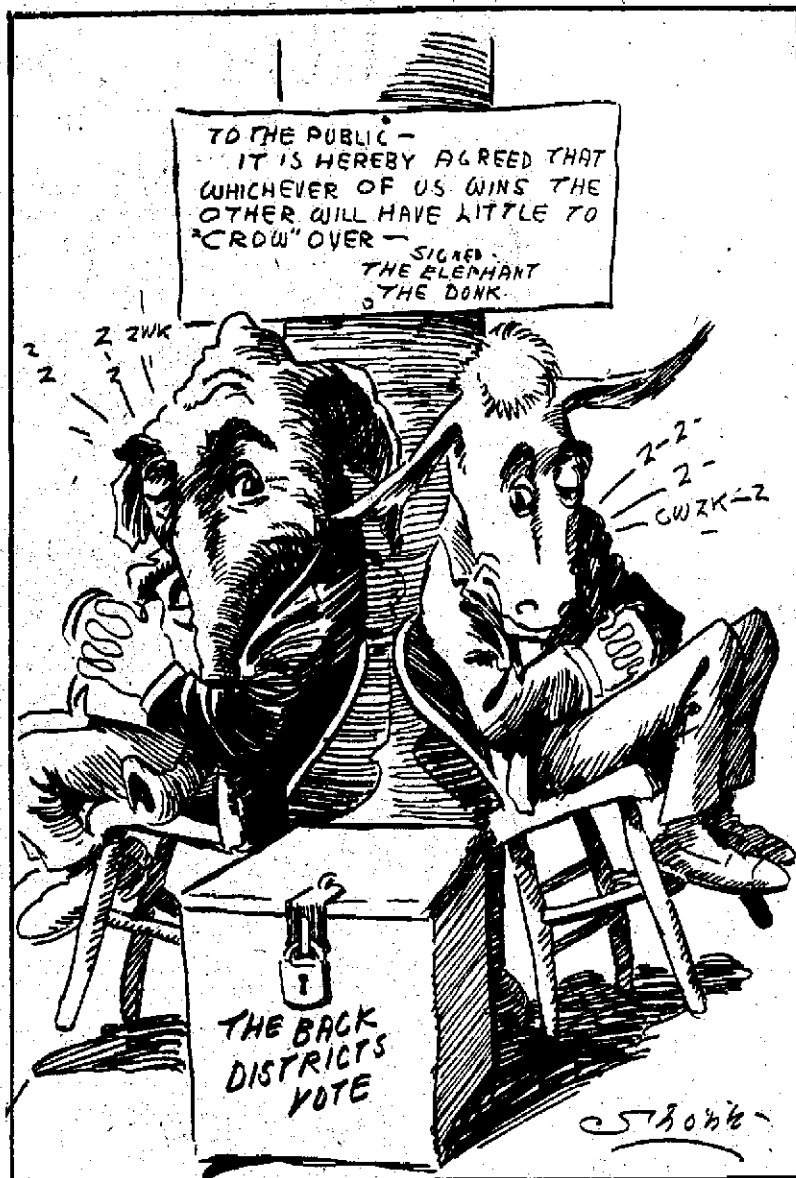

A headline in a newspaper proclaims: "Pennsylvania swings back." The question is whenever did Pennsylvania swing forward?

Some of the managers are acting like they are sorry they didn't claim more.

Viewing the field over our unanimous verdict is that Colonel Bill Finley is the only campaign manager of them all that had the nerve to keep on claiming against the odds until he emerged a full blown prophet.

Will someone point out to us where the women—still God bless 'em—voted differently from mere man, their man, let us say?

## MORE WATCHFUL WAITING

## THE NEXT THANKSGIVING

The next universal holiday will be Thanksgiving, an occasion when we devote little time to recognizing blessings vouchsafed and a good deal to getting the most enjoyment out of them for the time being, that circumstances will permit.

Seriously it was proposed to change the ancient custom of having the feast come on the last Thursday and move it up a week earlier. As one thing breeds another heeling on this came another that the year be divided into thirteen months and every holiday besides the Sunday be set for Monday. Scant progress was made by either in obtaining favor. With most people what has been and hasn't done any harm, or afflicted inconvenience is good enough to continue to be. That is the way we feel about it ourselves. We like variety, even with our holidays. Keeps us, after a manner, thinking more of them, if not of them and lends something of spice and variety. Directing attention solely to Thanksgiving, it will mark a conspicuous era in American history. Never was prosperity so great and general, feasting will be had in many a household where it was never known to come before, and all are possessed of one blessing, the supremacy of which is impressed by the sorrows and sufferings of our neighbors across the ocean, peace. For that, if for nothing else let us devoutly and gratefully give thanks of lip and heart.

After all it furnished a good illustration of the folly of counting your chickens before the eggs are hatched.

Can't tell what is going to happen about an election. At the very time when "everything was going for Hughes," a certain prominent Democrat got riled at the jibes of his Republican friends and shouted hotly: "Well, I'll bet fifty to twenty-five Ohio is for Wilson." They took him up before he could open his mouth again and now he is hailed as the most knowing of 'em all.

Candidate Hughes voted number 13, lucky or unlucky, as you happen to have voted yourself.

Anyway, the whistling to keep up courage has stopped.

We have all been there before at one time or another and ought not to blame the other fellow because he is doing the shouting.

## NEW-YORK-DAY-BY-DAY.

O-O-MEINTYRE.

New York, Nov. 9.—If one was in on my hands and knees and salaam to them every day for a year or so fortune of some \$40,000 by merely searching Fifth avenue for articles that were dropped from limousines, in shops and by shoppers on the street. A newspaper totaled the value of articles lost in one afternoon and the result was about \$40,000.

Of course this was an unusual day. Some days it only amounts to a couple of thousand or so. One Riverside Drive matron heralded to the newspapers that she lost a diamond studded garter valued at \$5,000 near Thirty-Fourth street.

Another one of the losers was a man who lost his wallet containing \$1700 in cash. He was on his way to the bank, and when he discovered the loss he fainted in the bank lobby. Another one of the lost articles was a platinum bracelet set with rubies, and the value was about \$10,000.

Perhaps some of the missing articles were stolen, but the most of them were lost through carelessness. One white wing on Fifth avenue last year found articles valued at more than \$10,000. His rewards for returning them were about \$500.

The pathetic side of the day's misfortunes was that an actress lost a valuable diamond brooch, but nobody would believe her—not even the unsympathetic newspaper reporters.

Nat Goodwin refused to take the blame. When he had signed his contract recently for his appearance at a Broadway theatre he said to the manager of the house: "I am more divorced against than divorced."

Back in the days when I was an associate editor on Hampton's magazine and had my name on the door in neat gilt letters and took two hours and a half for lunch, there came to my office one day a young writer. He had been in New York eight months and had not sold a story. He was as cheerful as an undertaker's assistant and I tried to buoy him up.

"This is a rotten town," he said. "It is only the pull that counts. If I would soft soap editors and crawl

in on my hands and knees and salaam to them every day for a year or so they might let me write a few fillers to adjust pages—but that is about all. Ability is the last thing they New York editor considers."

About six years have elapsed since that statement. The other night in Aeolian Hall this same young man now a magazine editor himself—made a speech. He painted New York in glowing colors for the ambitious young writer. It is funny what a difference just a few years make.

The Club De Vingt has opened for the season. It is the ultra ultra dancing place, as far removed from Broadway as Park avenue. Its clientele is of the upper circles. From the first night attendance it is to be judged that dancing is to be just as popular as ever. The only dances that were danced were the one-step, fox-trot and tango.

The only change in the fox-trot is that the gentlemen go backward part of the time. Two years ago a man who danced backward would almost be thrown out badly. There is a change also in the music.

The Guatemalan Mirimbo hands are the thing. These xylophone hands keep the beat time, it is said. They are now employed in the dancing rooms of the Club de Vingt, Ritz, Plaza, Majestic, St. Nicholas Rink and Montmartre.

An enterprising Broadway restaurant man, seeing the change from the Hawaiian to the Guatemalan—made a special trip to Guatemala and brought back ten bands, and they are all employed, and there is plenty of room for ten more. The Hawaiian music has lost its popularity. Most of the dusky players from Waikiki Beach are hunting jobs.

Do you know that the Northwestern Mutual Life Insurance Co. on Dec. 31, 1915, had in force more insurance in Ohio than any other company?

"My son was rejected, Mr. Pyko, because his teeth didn't fit proper. The doctor said 'e might 'ave 'em knocked down 'is throat and be choked if 'e got one of them cannon balls in 'is face.'"

"It is a shame the way that beauty doctor is swindling the pretty girls who go to him."

"Perfectly legitimate business. He is merely grafting peaches."

Willis—Then you think Jane will make you a good, sensible wife?

Gillis—Yes. When we bought the furniture she picked out a kitchen table twice as large as her dressing table.—Judge.

Two Pickers On One Line

A humble and honest fisherman who set his traps for pickers on a Maine pond the other day is ready to make affidavit as follows: "I hereby declare on oath that I did catch two pickers on one hook. The first pickers swallowed the bait and did not like it. Apparently he tried to cough it up. At any rate, he spewed the hook out under his gills and it floated off in the water, to be grabbed by a second pickers. Thus there came up one pickers, all strong on a line.—Lewiston Journal.

# FIRST TIMES PUBLISHED ON AUGUST 5TH, 1818

The Times will have an opportunity to celebrate, or observe, the centennial anniversary of the founding of the paper in less than two years from this date.

S. P. Drake's City Directory of Portsmouth, O., published in 1866, in a historical sketch of "Newspapers published in Portsmouth from the earliest period of the last century to 1864," says: "The first paper that was ever issued in Portsmouth, The Portsmouth Times, was issued by Jeremiah Abbot and a Mr. Chaney on Aug. 5, 1818. In the prospectus the editors say that they are friends to Republican institutions and the general government as then administered, and will give their support to the administration (Monroe)

so long as it adheres to the policy it now pursues."

But they say, "As there is nothing in the political world to excite much interest, and as Europe reposes in thanks, to any one who will return peace, they intend to devote a small part of the paper in publishing accounts of the stupendous efforts now making throughout the Christian world for the diffusion of the scriptures and the spread of the Gospel."

In the paper an advertisement appears of the Ohio hotel kept by Henry Case; new goods by Joseph Waddle; sheriff sales by N. Wheeler. Thos. Waller, president of the Commercial Bank; drugs and medicines by Dr. Giles S. B. Hempstead.

Haverhill was laid out by Asa Boynton Dec. 12, 1818. Mrs. Hannah June 2, 1856, by Shannon Hoy & Co.

## C. D. MUNDY INJURED AS AUTO HITS TRAIN

C. D. Mundy, a member of the firm of Winston & Co., railroad contractors, of near Harrisonville, was out about the left eye, had his right knee gashed and right ankle sprained in running a Ford touring car against an N. & W. freight train at Seventeenth and Chillicothe streets Wednesday night about 8 o'clock.

Mr. Mundy was thrown from the car and so badly dazed that he has but little recollection of the actual details of the accident. Some young man, whom he had picked up as a chance acquaintance, was also thrown out of the car, but escaped injury. The whole front end of the machine was demolished.

Mr. Mundy later boarded a street car and went to the Washington Hotel. He returned to Harrisonville Thursday morning. He said he had been driving about the North End rounding up colored men to work for his firm. He had some assembled, but went away after some others, and it was while trying to locate them that the accident happened. The only way he could account for the collision was that in descending the Seventeenth street hill the brakes of the car failed.

## Belgium Protests

Havre, Nov. 9.—The Belgian government has decided to protest to neutral governments against the deportation of Belgians and their alleged employment at forced labor in German factories and in military work at Verdun. The document says the government has positive information that 15,000 Belgian men and a number of French civilians forcibly were taken between October 15 and 24 from various parts of Belgium, the two Flanders and the regions of Tournai and Gens.

**HUGHES CARRIED THE PRECINCT OF PRESIDENT**  
Trenton, N. J., Nov. 9.—The town of Princeton where President Wilson voted was carried by Hughes, 896 votes to 825 for Wilson. The president lost his own election district by 37.

## NORWAY REPLIES TO THE GERMAN PROTEST ON SUB ORDINANCE

Christiana, via London Nov. 9.—The Norwegian note replying to the German protest against the U-boat ordinance of October 13 was today delivered to the German ambassador here.

The controversy between Norway and Germany over the submarine question reached an acute stage with the passage of the ordinance of October 13, by King Haakon's government. By this ordinance submarines of belligerent powers were forbidden to traverse Norwegian waters, except in cases of emergency.

In the latter they were directed to remain upon the surface and fly their national flag. Mercantile submarines were also ordered to remain on the surface and display their country's colors. This ordinance provoked strong feeling in Germany and Dr. Alfred Zimmermann, the German under-secretary for foreign affairs, was quoted in a Copenhagen paper as saying that the German note of protest would be a serious one and that Germany would not calmly submit to the action of the Norwegian government.

## DEMOCRATS CONTROL SENATE; MAY RETAIN UPPER HAND IN HOUSE

New York, Nov. 9.—The Democrats, assured of control of the next senate, may retain control of the house, they holding ten seats in 21 congressional districts yet to be heard from. Early today the division of members already elected was as follows:

Democrats, 210; Republican, 200; Progressives, 2; Independent, 1; Socialist, 1.

In the 21 districts not yet reported are the following, which are Democratic in the present congress. Two each in Missouri and Indiana, three in West Virginia and one each in Washington, Michigan and Pennsylvania. Eleven of the missing districts are Republican as follows:

Two in Nebraska, three in West Virginia, three in Washington and one each in New Mexico, Ohio and Wyoming.

If these districts should hold to their political status in the returns yet to come, the Democrats will receive the slender majority of five over all in the next house, their total being 221 to 211 Republicans and four of the minority parties.

## File Suit To Test The Eight Hour Law

Omaha, Neb., Nov. 9.—The Union Pacific Railway company filed suit in the federal court here yesterday to test the constitutionality of the eight hour law recently passed by congress and known as the Adamson Act. Thomas S. Allen, U. S. district attorney and four Union Pacific trainmen representing the different railroad brotherhoods are made party defendants. The bill of complaint alleges that the law is unconstitutional because it is not a proper regulation of Interstate Commerce, because it violates the guarantees of the fifth amendment to the federal constitution and because it is unworkable as applied to existing conditions under which the trainmen are operating. The bill of complaint is a printed document of considerable size and contains copies of all the status under which the trainmen work.

## SOCIALIST PARTY REPORTS GAINS

Chicago, Nov. 9.—Carl D. Thompson, manager of the Socialist party in a statement made today said:

"In 1912 the socialist party polled 900,000 votes. This election the returns show we have polled about 1,200,000. While this gain of the total vote cast by our party is not as great as we had hoped for we are satisfied with the general result.

"We believe we have elected about 35 members of the legislature in 21 states. In Minneapolis we elected our candidate for mayor, Thomas H. Van Lear. In Milwaukee we appear to have elected the district attorney and perhaps the sheriff.

"In California we elected two members of the state legislature. In Wisconsin two Socialist candidates for state senator and five or seven members of the legislature were successful.

"In Vermont we elected one member of the legislature. This is the first time a Socialist has even been elected to a state office in the state. We expected to elect seven or eight congressmen, but apparently we have elected none."

**HERRICK'S STATEMENT**  
Cleveland, O., Nov. 9.—Former Governor Myron T. Herrick today gave out the following statement on the election:

"The turn in the Wilson swing in Ohio came about two weeks ago. Had the people been given two weeks more for examination and reflection there is little doubt that the state would have elected the whole Republican ticket. During my entire campaign, I have directed my attention with all the power I possess, to the election of Governor Hughes, believing that a majority for him in Ohio would mean a majority also for the state ticket, believing also that it was as important that he should be chosen as that Lincoln should have been elected in 1860 or McKinley in 1896. I am still firmly of that belief.

"I deeply appreciate the confidence in me expressed in my nomination by the Republican party and the sincere loyalty of my friends during the campaign. While defeat is not agreeable, its effects on me are momentary and leaves no bitterness on my part. I shall continue to give my loyal service to the party."

According to word from Huntington, Thursday morning, Hughes will not carry West Virginia over Wilson by more than 1,000. Incomplete returns strongly indicated this, it was stated at Huntington this morning.

Four Democratic congressmen and one Republican have been elected. It will be several days before definite results on the state ticket will be available.

## WILSON IS AHEAD IN NORTH DAKOTA

Fargo, N. D., Nov. 9.—After swinging first to one candidate and then to the other, North Dakota, on the returns received early today gives Wilson a lead of 1,248 over Hughes with 179 precincts yet to be heard from. Leaders of both parties are claiming substantial majorities in the missing precincts. The returns from the missing precincts are coming in slowly.

## Russell To Celebrate

Russell, Ky., is seething with Wilson sentiment and the men of that city are preparing a big Wilson celebration tonight unless it is shown that Hughes has won out in the presidential race.

The celebration will remind one of the old time Democratic hallooing gatherings and will be featured by a "red fire" parade, speeches by both Democrats and Republicans and a general uncorking of enthusiasm and exuberance.

## IS AFTER VIOLATORS

Rumors that hunters are killing day morning, Judge Ball stated that the season for hunting skunks did not open until November 15. All persons found violating the laws are to be vigorously prosecuted.

## CLAIMING CHAMPIONSHIP

Now comes Gallipolis high school with a claim on the Ohio high school football championship and, in the Gallipolis Tribune it states that Portsmouth high defeated Ironton high, but that is a lie, as Ironton defeated Portsmouth by the score of 23 to 6.

Gallipolis on last Saturday defeated Portsmouth by a score of 3 to 0, and thereby lays claim to the high school championship title of the state, says the Ironton Irontonian. However, they have about as much chance to claim the title as has North Kenova, or the poor old, much-defeated Portsmouth team.

Ironton has a legitimate claim on the high school title, and until defeated by an Ohio team, will be considered as the best in the state.

Gallipolis high has steadfastly refused to play Ironton, so it seems that about the only way to determine this little fuss is for the teams to meet on the gridiron before the present season closed, but the dope shows that Ironton far outclasses their Gallipolis rivals.

Ironton high school authorities stated last night that they were willing to meet the Gallipolis team at any time suitable to both and the negotiations would be opened at once to that end.

## Mrs. Holman Better

Mrs. Deana Holman, who was shot by Mrs. Laura Farmer last Saturday night, was reported better Thursday morning.

Word from Hempstead hospital proving.

## Wilson 9,000 Ahead In Washington

Seattle, Nov. 8.—Revised returns from 1880 precincts of 2985 in Washington early today gave Hughes 139,225; Wilson 148,106.

The reduction in the President's vote as compared with reports two hours earlier was caused by the correction of an error in the previous tabulation. The President still has a lead of more than 9,000 over Mr. Hughes.

Berlin, Nov. 9 (Via London).—Prince Henry of Bavaria, nephew of King Louis, is reported from Munich to have died from wounds received on a reconnoitering trip on November 7.

Prince Henry was thirty-two years old and a major in the Bavarian guards. He was reported to have been wounded on the battle-field last June. The Prince was unmarried.

First quality work at reasonable prices. Brahm, the Painter.

New York, Nov. 9.—The election passed into the second day of uncertainty with President Wilson and Charles Hughes both anxiously awaiting the count in a few western states—the pivotal ones being California with thirteen electoral votes and Minnesota with twelve, New Mexico with three and North Dakota with five.

Although still so close that the result could not be regarded as assured, indicative overnight returns seemed to dispose of previously doubtful states by placing West Virginia's eight votes in the Hughes column and giving the four votes of Idaho and seven from Washington to President Wilson.

The Hughes total thus became 247 and the Wilson total 251 with 266 necessary to elect.

After so disposing of these previously doubtful states from which the returns still are incomplete, the situation appeared to be as follows:

President Wilson can win with either California or Minnesota, but in addition, he must get either North Dakota or New Mexico. Mr. Hughes to win, must have both California and Minnesota or either one and both North Dakota and New Mexico.

In California President Wilson had a lead of nearly 5,000 with one-tenth of the state's precincts missing. Of the 570 missing, 143 are in the Republican stronghold and the others in Northern districts where the president's vote has been heavy. Both party managers claim the state.

In Minnesota the most dramatic race of all was being run hour by hour. During yesterday President Wilson's lead of 10,000 slowly melted down before the Hughes vote from the rural districts, until it was wiped out.

Then the Wilson votes began coming in again only to be offset by a Hughes burst, and so the contest whip-sawed all night.

Early this morning, with about at headquarters and there were un-500 precincts unreported, Hughes confirmed reports that Chairman Wilson was ahead with less than 1,000.

Mr. Wilson had a lead of over a National committee, after talking thousand votes on the latest returns over the situation with the Hughes from Dakota, with nearly 80 districts leaders, had advised national committees in certain states to encourage the election.

With the count half in from New Mexico, Mr. Hughes had a margin. It was commonly reported that of less than 300 votes over President count proceedings will be instituted Wilson. Returns from far outlying in all doubtful states. Chairman districts are expected to come in Vaneu McCormick, of the Democratic National committee, following his order to the chairman in the various doubtful states to guard the state into the Democratic ballot boxes and protect the count.

President Wilson had a lead engaged special counsel to assist the national committee in any legal steps it may desire to undertake. Chairman McCormick did not make any charges of fraud, but said he desired to be in a position to take any legal action that might be necessary. The quo warranto proceedings looking to a recount on New Hampshire are already under way.

Mr. Hughes has a lead of over 3,500 votes on the returns early today from West Virginia, with only about 400 districts unreported. Returns from the missing districts in the doubtful states were anxiously sought by the campaign managers at both Democratic and Republican headquarters today. Both sides claimed the election of their respective candidate and it was evident plans were being made to demand recounts and in some cases to carry the contests into the courts.

Numerous conferences were held. Chairman Wilcox declared himself confident that Mr. Hughes had been elected. "We only ask what is fair," said Mr. Wilcox, "and we only want what we are entitled to. That we propose to have."

An eleventh hour development in the election situation came this morning from Concord, N. H., where Secretary of State Bean stated that with the New Hampshire returns complete, but only partly verified officially, Wilson led by 93 votes. Verification of the New Hampshire returns was still in progress.

## Wilson Ahead In N. H.

Concord, N. H., Nov. 9.—With returns complete but only partially verified officially, Wilson led in New Hampshire this morning by 93 votes, according to Secretary of State Edwin C. Bean.

Discovery of errors in official reports was a factor in reversing the lead which Hughes had last night, he said. Mr. Bean said returns from 120 of the 274 towns and wards still to be verified might further change the result. The official figures from 77 of these missing districts have been of the vote.

received but not tabulated. Secretary Bean, in announcing the difference of 93 in favor of Wilson, gave no total figures.

"The totals upon which his preliminary statement was based, had been reached," he explained, by adding to the verified returns newspaper figures from the districts not heard from officially. The Democratic state committee when Hughes was reported leading last night was said to have decided to petition for a recount.

## New Mexico In Doubtful Column

Albuquerque, N. M., Nov. 9.—New Mexico remained in the doubtful column early today. Charles E. Hughes led President Wilson by less than 300 votes in 236 precincts with returns missing from the remaining 302. No returns were received for several hours after midnight and the count was expected to filter in slowly today from outlying districts.

## Chas. Widdig Appointed

Charles Widdig was appointed administrator of the estate of the late Valentine Widdig, Thursday, in probate court by Judge Thos. C. Beatty. The estate is valued at \$4,000. A \$2,000 bond was furnished.
